

SEVENTEENTH ANNUAL REPORT

CITY OF BERLIN
1914

NEW HAMPSHIRE
HISTORICAL SOCIETY

HON. D. J. DALEY, MAYOR.

1914

SEVENTEENTH ANNUAL REPORT

OF THE

RECEIPTS AND EXPENDITURES

OF THE

CITY OF BERLIN, N. H.

FOR THE YEAR ENDING

JANUARY 31, 1914

TOGETHER WITH OTHER ANNUAL REPORTS
AND PAPERS RELATING TO THE
AFFAIRS OF THE CITY.

BERLIN, N. H.
THE FRANKLIN PRINTERY
1914

City Government.

Berlin, N. H.

1913-1914.

EXECUTIVE DEPARTMENT.

Mayor.

DANIEL J. DALEY.

Elected annually in March by the people. Salary \$700 per annum.

City Council.

One councilman elected annually for term of three years by the voters of each ward. Salary \$2.00 for actual attendance at regular meetings and \$1.00 for special and adjourned meetings. Not to exceed \$50 annually

Ward 1—ELI J. ROY.

WM. H. MOFFETT.
DAVID HAZZARD.

Ward 2—JOHN T. MORAN.

THOMAS E. LEMIEUX.
FRED RAHMANOP.

Ward 3—OTTO J. A. DAHL.

LAZARE BISSON.
GEORGE BROWN.

Ward 4—LUKE H. MARTIN

JOHN H. GOEBEL.
WILLIAM OLESON,

City Clerk.

Elected annually by the City Council. Salary \$600 per annum with fees as provided by law. Also Clerk of City Council.

Office in City Hall.

P. J. SMYTH.

Standing Committees of the City Council 1913-14.

Accounts and Claims—Moffett, Moran, Lemieux.

Fire Department—Lemieux, Roy, Dahl.

Finance Committee—The Mayor, Moran, Hazzard.

Engrossed Ordinances—Dahl, Rahmanop, Bisson.

Election Returns—Lemieux, Goebel, Oleson.

Public Instruction—Hazzard, Rahmanop, Brown.

Public Buildings—Moran, Moffett, Dahl, Goebel.

Electric Lights—Hazzard, Lemieux, Brown.

Roads and Bridges—Roy, Dahl, Rahmanop, Martin.

Sewers and Water—Roy, Dahl, Rahmanop, Martin.

Salaries—Hazzard, Bisson, Oleson.

Printing and Stationery—Moran, Dahl, Moffett.

City Treasurer.

FRANK C. HANNAH.

Elected annually by the City Council. Salary \$150 per annum.

City Auditor.

ARTHUR T. BYRNES, Accountant.

Hyde Park, Mass.

City Engineer.

LESLIE J. WERTHEIM.

Elected annually by the City Council. Office, Stahl Block,
Main Street.

Inspector of Buildings.

ALFRED LAUZIÈRE.

Elected annually by the City Council
Residence, Corner Green Street and First Avenue.

Collector of Taxes.

JOSEPH E. GONYA.

Elected annually by the City Council. Salary \$1000 per annum.

City Solicitor.

HERBERT I. GOSS.

Elected annually by the City Council. Salary \$600 per annum.

Office in Hodgdon Building.

Board of Assessors.*Ward 1*—ELDEN E. PIERCE.*Ward 2*—JOSEPH LAMBERT.*Ward 3*—FRANK E. PAINE.

Elected annually by the City Council, for a term of three years, one from each ward. Council Rooms second Tuesday evening of each month. Salary \$300.00 each.

JENNIE SHERIDAN, Clerk.

Street and Sewer Commissioner.

LESLIE WERTHEIM,

Elected annually by the City Council. Salary \$1,500.00 per annum.

Overseer of the Poor.

ALPHA B. FORBUSH.

Elected annually by the City Council. Salary \$200 per annum.

Board of Health.*Ward 1*—HENRY A. SMITH.

Residence, Madigan Street.

Ward 2—A. LAVALLEE, M. D.

Residence, Pleasant Street.

Ward 3—ROBERT B. WOLF.

Residence, Prospect Street.

Elected annually by the City Council. Salary \$50 per annum for each member.

CITY OF BERLIN.

J. H. HEALD,

Health Officer and Milk Inspector. Office, High School Building.
Salary \$1200 per annum.

Scaler of Weights and Measures.

JAS. H. HEALD.

Elected annually by the City Council.

DEPARTMENT OF SCHOOLS.

Board of Education.

HENRY M. MOFFETT, Chairman.

ORTON B. BROWN.

CHARLES B. BARTON.

Elected for three years, one each year, by the City Council. Salary,
\$100 per annum for chairman, \$50 each per annum for
other members.

Superintendent of Schools.

*GEORGE H. WHITCHER.

Residence, Wight Street

Salary, \$2,400 per annum.

*Resigned.

HARRY L. MOORE.

Residence, Washington Street.

Salary, \$2200 per annum.

Principal of High School.

*FRED S. LIBBEY, A. B.

Residence, Hemlock Street

Salary, \$2,000 per annum.

*Resigned.

DANIEL W. MACLEAN.

Residence, Main Street

Salary \$1600 per annum.

PUBLIC LIBRARY.

Trustees.

ANNIE C. HAMLIN.

JAMES J. FEENEY.

EDWARD A. STEADY.

Elected for three years, one each year, by the people.

Librarian.

ADRIA A. HUTCHINSON.

Elected annually by the Trustees.

Assistant Librarian.

GERTRUDE WEYMOUTH.

POLICE DEPARTMENT.

Police Commission.

Chairman—HARRY D. SHEA.

Term expires Sept. 1, 1916.

ARTHUR W. WALTERS.

Term expires Sept. 1, 1915.

Clerk—THOMAS W. ESTABROOK.

Term expires Sept. 1, 1914.

One commissioner appointed annually by the Governor, to serve for three years.

City Marshal.

GEORGE B. DAY.

Appointed by Police Commission. Salary \$1200. Police Station, City Hall, Mechanic Street.

Assistant Marshal.

WALDO BABSON.

Appointed by the Police Commission. Salary \$1000. Police Station, City Hall, Mechanic Street.

CITY OF BERLIN.

Police Officers.

MALCOHM SHOREY
BURTON SUNBURY
FRANK LACHANCE
WILLIAM COLBURN
FRED LAFFERTY
ALEX SAVOY
HILAIRE MORIN
JAMES BOUDREAU
CLIFFORD L. LAMIRE
MICHAEL McCLINTOOK

Appointed by the Police Commission. Salary \$2.50 per day.

Special Police Officers,

MARK T. WIGHT	CALEB WIGHT
JEREMIAH COFFEY	ALBERT F. HOLMES

Appointed by the Police Commission. Salary \$2.25 per day.

Constable.

HARRY D. SEHA.

Appointed by the Police Commission.

POLICE COURT.
FOR THE DISTRICT OF BERLIN, N. H.

Justice.

MATTHEW J. RYAN.

Appointed by the Governor and Council. Salary \$600 per annum.
Office, Sheridan Building, Main Street.

Associate Justice.

WILLIAM H. PAINE.

Office, Beaudoin Building, Main Street.

Clerk of Court.
WALDO BABSON.

FIRE DEPARTMENT.

Chief Engineer.
EDWARD SHERIDAN.
Elected annually by the City Council. Salary \$1200 per annum.

First Assistant Engineer.
WALTER HAZZARD.
Elected annually by the City Council. Salary \$1060 per annum.

Steamer Engineer.
THOMAS V. STUDD.
Salary \$120 per annum.

WARD OFFICERS.

Moderators.
Ward 1—J. I. SHERIDAN.—Resigned.
WALDO BABSON.
Ward 2—HERBERT I. GOSS.
Ward 3—GEO. W. BROWN.

Ward Clerks.

Ward 1—HENRY BLACKBURN.

Ward 2—W. J. HALLEE.

Ward 3—WILLIAM J. OLESON.

Ward 4—RODERICK BLACKBURN

Supervisors of Check Lists.

Ward 1—OSCAR A. LANGIS.

AZOS E. KELLEY.

JOHN T. STEWART

HARRY HOWLAND. —Left the State.

Ward 2—JOSEPH E. GONYA.

LEO PARENT.

P. E. BEAUDOIN.

Ward 3—MARK C. FROST.

J. H. JOHNSON.

JOS. J. ROBERGE.

Ward 4—Chairman of Supervisors of Wards, 1, 2, 3

Mayors of the City of Berlin.

The Charter of the City of Berlin was adopted by the citizens February 20, 1897.

Inaugural Address.

Delivered by the Mayor, Hon. D. J. Dailey,
Armory Hall, March 31, 1913.

Gentlemen of the City Council :—

For the fourth consecutive year I have been called by the voters of this City to serve them as their chief executive officer.

To the citizens of our City, I desire, at this time, to tender my sincere thanks and profound appreciation for their generous support at the polls, resulting in a very decisive majority over three other candidates.

Nothing less than absolute devotion to the duties imposed upon me can repay the good people of this City for such an expression of the popular will.

In return for the confidence thus reposed in me, I pledge my very best efforts to so direct the affairs of the City, that no person shall have just cause to regret my election.

It must be remembered, however, that no man in public office who faithfully discharges his duty, can expect to entirely escape individual criticism, but if he so conducts himself as to accomplish the greatest good for the greatest number, then he has attained the official standard required by our institutions.

To you, gentlemen of the City Council, I owe, and will endeavor to faithfully perform, the duties of courtesy, forbearance, and fairness in all our deliberations, and I am sure each of you will accord the same treatment to me.

It is especially necessary that these considerations should guide us in all the coming year, because costly public improvements are projected and harmony will insure the best results.

A well defined public sentiment seems to call for a new City Building, one or more new school houses, repairs on Main street, concreting of Mason street, at least from Main street to some point beyond the new bridges, a new street to connect the northerly and southerly sections of the East Side, some system of garbage collection, a general extension and improvement of our street, sidewalk, sewer, and lighting systems, and the development of some plan for parks and playgrounds.

Of course all these things cannot be accomplished at once from ordinary taxation revenue.

Only one practical method remains and that is an issue of bonds, the payment of which shall extend over the statutory time limit of twenty years. *

This manner of dealing with the situation meets with my hearty approval, therefore, I recommend that a careful estimate be made at the earliest time possible of the cost along the lines indicated in each department, and after providing for such as can be performed from the usual channels of taxation, that a budget be made up of the remaining departmental improvements, and upon this as a basis pass a resolution authorizing a serial issue of bonds at such rate of interest as may be thought advisable, covering a period of twenty years, in such amount not less than \$100,000.00, and not exceeding \$150,000.00, as we may deem reasonable, and with the proceeds of these bonds carry to completion the work Berlin has so long been anxiously looking for, and ought soon to enjoy.

Commodious, modern, public buildings, and good streets, sidewalks, sewers, and lights will always justify the monetary cost, when the financial condition of the city or town in question can provide them without increasing its debt beyond reasonable limits.

This brings us to a consideration of our financial condition as bearing upon the advisability of increasing our debt to the extent recommended.

Our present net debt is \$137,220.60, and our property valuation for taxation purposes as of April 1st, 1912, was \$7,965,119.00.

Our legal debt limit is five per cent. of our valuation.

On this basis we can borrow, or incur debts to the extent of \$398,255.95.

The difference, therefore, between our existing debt and the amount of indebtedness we can legally incur is \$261,035.35.

It will be seen, therefore, that even if we should authorize a bond issue of \$150,000.00, we would still have a margin between our total indebtedness and our debt limit of \$111,035.35.

It is reasonably certain that our property valuation will be increased this year to approximately \$8,500,000.00, by new taxable property, and if so, our legal debt limit would be increased to \$425,000.00, which would result in a corresponding increase in our borrowing capacity, and furnish us with additional income from taxes to meet the annual payments and interest on the proposed issue of bonds.

We should immediately choose a special committee to investigate and report upon a suitable location for our new City Building, the cost

of same, secure competitive plans of the structure from competent architects, with specifications, and cost, and all other information that can be secured relating to the subject, in order that we may intelligently determine the amount we ought to expend for this item of our budget.

This same method ought to be adopted respecting the work proposed in each department, and estimates made without unnecessary delay.

These estimates must be made before a resolution authorizing a bond issue can be prepared and acted upon.

I do not look upon the program outlined as extravagant.

On the other hand the exigencies of our civic condition as they appear to me imperatively demand the outlay.

The improvements recommended will be of a permanent character, and, as to streets, and sidewalks especially, will prevent a great waste of public funds annually, will tend to attract to our City persons seeking business and residential locations, and will furnish to our community, the present as well as the future, use and enjoyment of better facilities for business, work and pleasure.

Financial.

Our general financial condition has already been stated, but some special matters ought to receive attention.

We have for some time been crediting our interest account with the interest accumulating on our sinking fund.

Such method, it seems to me is manifestly wrong; sinking fund interest should be credited to, and remain a part of, our sinking fund, and I, therefore, recommend the passage of an order, or resolution, directing the transfer of this interest to the sinking fund account.

We will need all the credits available to satisfy our bond issue of \$70,000.00, which matures, and must be paid December 1st of this year; \$9,000.00 of this issue, however, has already been paid, leaving a balance of \$61,000.00 to be satisfied on the date named.

Your Finance Committee has recommended appropriations for this year aggregating \$162,553.04.

It may be found necessary to reduce some of the items, in order that our tax rate may not be increased from that of last year.

The Committee in proposing these appropriations had in mind the probable increase this year in our valuation of about \$500,000.00, resulting from new taxable property, and if this increase should be realized, the total appropriation named may not be excessive.

Our aim should be to keep our appropriations within such limits as not to increase our present tax rate, and this can be accomplished by procuring information from the Board of Tax Assessors respecting

our property valuation as their work progresses.

Street, Sidewalk and Sewer Department.

A very large amount of work was done in this department last year, but we are still sadly deficient in the extent and condition of these public necessities.

A detailed statement of what ought to be done will serve no useful purpose here, but if we all take hold with a will and do what ought to be done, it will serve a most useful purpose hereafter.

If we authorize the issue of bonds recommended, great extensions and improvements in our streets, sidewalks, and sewers can be accomplished this season.

We should not forget to appropriate a sufficient sum, which, with the amount to be appropriated by the State, will complete the State highway from Gilbert Perry's to the Murray place.

This section of the State Highway is in deplorable condition, and should not longer be neglected.

Schools.

We need a new school building to replace the Brown school house in Berlin Mills village.

The old building is wholly inadequate from every point of view, and I believe any attempt to improve it would be a waste of money.

This matter should have early attention, if a new structure is to be furnished and ready for occupation at the beginning of the next school year.

Two more school buildings must soon be provided for, one on the East Side, and another on the West Side, and the advisability of providing for either, or both of them, in our proposed bond issue, should receive serious consideration.

Some criticisms have recently been made relative to certain features of our educational system, and a wide difference of opinion seems to exist regarding the wisdom of a change in the methods of teaching in our public schools.

It is to be regretted that these criticisms have taken the form of newspaper publications with the authors' identity unknown or in doubt, instead of first presenting them to the proper authorities to the end that some suitable action might be taken.

If our educational methods are faulty, surely they should be corrected, and we should welcome any suggestions from reliable and authoritative sources as to the best manner of dealing with the situation, if just cause for complaint exists.

As the matter now stands, it presents a difficult problem, but I indulge the hope that if any action on the part of the City Council

becomes necessary, a just solution of the question will be reached.

Berlin's public schools have, for a long time, enjoyed a very enviable reputation for excellence, and we should strive to maintain our good name in this respect.

Again referring to the matter of new school houses, if the legislature now in session should appropriate money for the establishment of a Normal school here, the question of locating and constructing a school building on the West Side would be simplified, because tentative arrangements have already been made to meet such results.

Public Library.

This institution seems to be in a very gratifying condition, and the only recommendation which seems necessary is, that the appropriation for this year be slightly increased for the purpose of providing for the purchase of more books and increased shelf room.

I still believe that the front steps leading into the library ought to be removed, and an entrance substituted which will not project into the sidewalk.

Such change can be made at small cost, and the external appearance of the building, and sidewalk accommodation at that point would be greatly benefited.

Fire Department.

The work of this department seems to have given very good satisfaction the past year, and with the addition of a new combination hose and chemical wagon, the equipment is now in excellent condition.

Some arrangement should be made with the town of Gorham to meet conditions which prevail at the Cascade village.

A portion of the buildings there are located in Gorham, and a portion of them in Berlin.

Our department has been called there several times, and on reaching the place has learned that the fire was on the Gorham side of the line.

We ought not to respond to such calls unless we are paid for it.

Some correspondence relating to the matter between the selectmen of that town and the Mayor will be submitted to you later, at which time we can take such action as the case requires.

Health Department.

This department has had a serious diphtheria epidemic to handle during the past year, and I believe acquitted itself very creditably in the treatment of a very menacing danger to our public health, and the prevention of much graver results from the presence of this malignant disease.

Although the disease appeared in many different localities, and

continued nearly the entire year, it at no time got beyond control.

The Board recommends an appropriation of \$2,200.00 for this department the same as last year, and also that the pest house be painted on the outside to preserve the building.

Both of these recommendations should be adopted.

The necessity for constructing an incinerating plant for the disposal of garbage is practically disposed of for this, and perhaps another year.

The proposed location of the Y. M. C. A. building will make a very accessible place to deposit refuse, and we are requested to use the place for that purpose.

In this way we can assist in grading the rough places, and all such refuse will be covered by cinders and ashes.

The matter of providing a team for the collection of this refuse will be submitted to you for consideration and action.

Police Department.

The Police Commission requests that it be provided with a patrol wagon and horse for transporting persons arrested in the City.

This request ought to be granted if it does not result in too large an expenditure.

A very good and serviceable covered patrol wagon, new, can be purchased from a Concord firm for \$380.00.

Should you decide to procure one from these parties, it must be ordered at once, as these vehicles are not kept in stock by them.

The receipts from our Police Court, combined with a modest appropriation, can always be relied upon to pay the expenses of this department, and there is usually a substantial balance to help satisfy overdrafts in other departments.

An unexpended balance of \$1,203.27 was carried to the transfer account last year.

Therefore, we ought to respond to any reasonable request from this department that may aid it in performing its difficult functions.

Department of Taxes.

Tax Collector, J. E. Gonya, made an exceptionally good showing the past year.

Of the total commitment, \$151,337.92, he collected and paid over to the City Treasurer at the close of the fiscal year, in cash, \$123,694.14.

The accounts of the Tax Collector, City Clerk, and City Treasurer were found to be in excellent condition, and their accuracy and appearance were highly complimented by the Auditor.

In conclusion, gentlemen, permit me to urge upon you the neces-

sity of beginning the year's work with vigor and at the earliest time possible.

Much is expected of us, and we should make all reasonable effort to discharge our respective duties fully and faithfully, that these expectations may be gratified.

I trust that each of you, the head of each department, and citizens generally, will aid me by suggestion and advice, freely and frankly, respecting all matters of public concern to the end that I may avoid mistakes and give the best service to a confiding community.

I trust that our relations will be cordial and harmonious, that the result of our labors will meet with popular approval, and reflect credit upon our thriving City and ourselves.

Respectfully submitted,

DANIEL J. DALEY, Mayor.

Ordinances.

In the year of our Lord one thousand nine hundred and thirteen.

AN ORDINANCE establishing a new fire district, and relating to the construction and repair of buildings in the City of Berlin, N. H.

Be it ordained by the City Council of the City of Berlin, as follows :

SECTION 1. For the purpose of preventing excessive damage by fire in said City, a fire district is hereby established, described as follows :

Beginning at a point on the Railroad Track known as the Berlin Mills Branch of the Grand Trunk Railway, said point being where the center line of Success street, produced, intersects the said track; thence running Westerly along said track to the point where it is crossed by the center line of School street; thence Southwesterly along the center line of School street to the point where it is intersected by the center line of Mason street; thence Southeasterly along said center line of Mason street to the point where it is intersected by the center line of Cole street; thence Southwesterly along the said center line of Cole street, and said line produced to the point where it is intersected by the center line of Mechanic street thence Westerly along the center line of Mechanic street and said line produced, to the point where it would intersect the said Berlin Mills Branch; thence Southerly along the tracks of said Berlin Mills Branch to the point where it connects with the Main line track of the Grand Trunk Railway; thence in a Southerly direction along said Main Line track to the point where it is intersected by the Northerly property line of the International Paper Company; thence Southeasterly along said property line to a point in the center line of Glen avenue, where it is crossed by the track of the Glen Junction Transfer Company; thence to and along the high picket fence which marks the limit of the International Paper Company's Mill yard, in a general Easterly direction to the point where said fence intersects the bank of the Canal; thence Easterly to and along the center line of said Canal to the point where it leaves the Androscoggin river; thence Northeasterly along the center line of the Androscoggin river to the point where it is intersected by the center line of Success street produced; thence along said center line of Success street produced to the point or place of beginning,

Walls.

SEC. 2. The external and party walls of all buildings hereafter erected within the above described limits shall be of stone, brick, concrete, or other hard and non-combustible material; and all such walls shall be bonded and solidly built, and laid in mortar composed of Portland cement, lime and sand; they shall rest on foundations of stone or concrete, not less than eight (8) inches wider at the top of the foundation wall, than the base width of the wall resting upon it.

All foundation walls shall be battered on the exterior faces (where it is necessary to resist the earth pressure), and of a proper width at the base, as approved by the inspector; and shall be carried down to and rest on ledge or hardpan.

Brick walls for building one story, two stories, or three stories in height shall not be less than twelve (12) inches thick, and all properly bonded with a course of headers every eighth course, or other bond approved by the Building Inspector; (12 inch walls shall be limited to forty-five feet in height).

For all brick walls of buildings four (4) stories in height (limited to a total height of sixty feet) the first story (not less than fifteen feet) shall be sixteen (16) inches thick, and walls above this twelve (12) inches thick. Buildings five (5) stories high shall have walls twenty (20) inches thick to second floor, sixteen (16) inches thick from second to third floor, and twelve (12) inches thick for remainder of the height of the building; (5 story buildings limited under above conditions, to eighty feet total height).

Party Walls.

In all buildings hereafter built, within the fire district, party walls shall be built through and at least twenty (20) inches above or distant from the roof boarding, at the nearest point; shall be covered at the top with stone tile, concrete or metal, securely fastened and corbelled to the outer edge of all projections.

Floor and other timbers entering party walls shall enter the wall not less than four (4) inches, and the said walls must have at least four (4) inches of solid masonry between the ends of any and all timbers; openings or doorways in party walls, or in partition walls shall not exceed two (2) openings on either floor; and the combined area of such openings on each floor shall not exceed one hundred (100) square feet.

Each opening must be provided with two (2) sets of metal covered doors, separated by the thickness of wall, hung to rabbeted iron frames or to iron hinges in brick, stone, concrete or iron rabbets.

The planking and sheathing of the roof shall not extend across or

over the party wall in any case.

Vaulted Walls.

Shall contain, exclusive of withes (air space), same amount of material (brick) as solid walls. Walls on either side of air space shall not be less than eight (8) inches thick, and air space shall cease above level of the ceiling of the upper story of the building, and be carried up solid to top of walls.

Concrete Block Walls.

The thickness of walls for any building where hollow concrete blocks are used shall not be less than is required by the ordinance relating to brick walls. The figures given in the following table represent the percentage of such hollow space for the different height of walls:

Stories	First	Second	Third	Fourth	Fifth
1 and 2	33 p c	33 p c	33 p c	33 p c	
3 and 4	25 p c	33 p c	25 p c	33 p c	33 p c
5	20 p c	25 p c			

Where the face only is of hollow concrete building block and the backing is of brick, the facing of hollow concrete blocks shall be strongly bonded to the brick, either with headers projecting four (4) inches into the brickwork, every fourth course being a header course, or with approved ties; no brick backing to be less than eight (8) inches.

Where the walls are made entirely of hollow concrete blocks but where said blocks have not the same width as the wall, every fifth course shall extend entirely through the wall, forming a secure bond; all walls where blocks are used shall be laid in Portland cement mortar.

All hollow concrete building blocks before being used in the construction of any building in the fire district of the City of Berlin, shall have attained the age of at least three (3) weeks.

Wherever girders or joists rest upon the walls so that there is a concentrated load of over two (2) tons, the blocks supporting the girders or joists must be made solid.

When such concentrated load shall exceed five (5) tons, the blocks for two (2) courses below and for a distance extending at least eighteen (18) inches on each side of said girder shall be made solid. Where the load from the girder exceeds seven (7) tons, the blocks for three (3) courses beneath it shall be made solid.

Wherever the walls are decreased in thickness the top course of the thicker wall is to be solid.

All piers and buttresses that support loads in excess of five (5)

tons, shall be built of solid concrete blocks for such a distance below as the inspector may require. Any steel rods in a manner satisfactory to the Building Inspector, and any lintels spanning over four (4) feet six (6) inches in the clear shall rest on solid concrete blocks.

The manufacturer and user of any such hollow concrete building blocks as are mentioned in this ordinance shall at any and all times have made such tests of the cement used in making such blocks, or further tests of the completed blocks, or each of these, at their own expense and under the supervision of the Building Inspector, as he may require.

A copy of result of such test will be given the manufacturer and user of the blocks.

The cement used in making such blocks shall be American Portland cement of any standard manufacture, and of good fresh quality.

Ashlar.

Ashlar less than eight (8) inches shall not be considered in thickness of wall, but in all cases the wall, including backing, shall not be less than twelve (12) inches thick.

SEC. 3. The roofs of all buildings and additions to buildings within said fire district hereafter erected shall be properly and securely covered with slate, tin, iron or other non-combustible materials approved by the Inspector of Buildings.

SEC. 4. No buildings now erected or hereafter to be erected within said fire district, shall be altered, raised, roofed, enlarged, or otherwise added to or built upon in any way until the requirements of Section 2, 3, and 4 have been complied with, and a license granted by the City Council; and no roof of any such buildings now covered with shingles or other combustible material shall be re-covered, except with slate or other non-combustible materials.

SEC. 5. No wooden building shall be moved from one lot to another in said district nor from without said district into said district, nor from place to place on the same lot within said district, without a special license first obtained from the City Council. No wooden building outside of the above described limits of said fire district shall be moved a distance of more than fifty (50) feet without first obtaining a special license from the City Council.

SEC. 6. When any building built wholly or in part of wood, standing within said district, shall be damaged by fire, or other cause, to an amount exceeding fifty (50) percent of its value, it shall not be repaired or rebuilt of wood or any combustible material.

SEC. 7. It shall not be lawful to build upon the front walls of any building within said district, any portico, porch, bay window, balcony,

or any other projection over the sidewalk or street.

SEC. 8. No awning shall be affixed to any building so as to project over the sidewalk unless the same is seven (7) feet in the clear above sidewalk, and does not project beyond the curb line, and no such awning shall be attached to any building unless a permit has first been obtained from the City Council.

SEC. 9. Any person or corporation desiring to erect a new building or to alter or add to a present building within said district shall fill out and present a printed application, furnished by the Inspector of Buildings, and submit plans and descriptions giving strength of construction, alteration and modes of egress in case of fire, to said Inspector of Buildings; and no alterations or additions to present buildings shall be commenced until the owner shall file a copy of all plans and specifications with the Inspector and such have been approved by the Inspector of Buildings and a license granted by the City Council.

SEC. 10. All persons or corporations desiring to erect new buildings or to alter or to add to present buildings upon any public street, alley, or lane outside of the district described in Section 1, shall fill out and present applications furnished by the Inspector of Buildings, and submit plans or descriptions of said buildings, alterations, or additions to the Building Inspector; and no person or corporation shall commence operations on said buildings until said Inspector of Buildings has approved the same and granted a permit in writing. A copy of all plans or descriptions must be filed with the Inspector. All permits granted by the City Council under Sections 9 and 10, shall expire in 30 days from date, unless work thereunder is in good faith begun before the expiration of such period.

Fire Stops.

SEC. 11. In all buildings within the limits described in Section 1, hereafter erected, fire stops must be placed as follows: At the bottom of all partitions, and between the studding, to be closely filled in with brick, or concrete eight (8) inches high, closely fitted into partitions and bedded and laid in cement mortar.

SEC. 12. The Inspector of Buildings by giving sixty (60) days' notice, may order suitable fire escapes placed on any building of two (2) stories, or over, in height which is used as a hotel, tenement house, hall, or other public resort, whether within, or without the district described in Section 1.

SEC. 13. All applications under this Ordinance shall first be submitted to the Inspector of Buildings as provided in Section 10, and he shall examine the premises and make a report, either recommending the granting of licenses, or otherwise, and his report shall be presented

with the petition to the City Council. If the report of the Inspector be adverse the petition shall only be granted by an affirmative vote of two-thirds of the full council.

Chimneys (Within City Limits.)

SEC. 14. No chimney shall be corbelled from a wall more than the thickness of the wall, nor rest upon a wall less than twelve (12) inches thick, nor rest on wood in any case.

All chimneys shall be built of brick, concrete, terra cotta, or other non-combustible material, approved by the Inspector.

All brick chimneys shall have glazed tile flue linings backed with four (4) inches of brickwork.

The inside of all flues shall have stuck joints and not be plastered on the inside wall with cement or mortar, but be left free and clean from all projecting mortar.

All brickwork and tile flue lining in chimneys shall be laid up in Portland cement and sand (4 to 1) mortar, and all chimneys shall be topped out at least three (3) feet above the highest point of contact with the roof.

No woodwork or framing shall come within one (1) inch of the outside of any smoke flue, and no nails shall be driven into chimneys to support woodwork, etc. Where smoke flues or pipes enter chimneys or pass through plastered partitions, they shall be constructed as follows:—The opening in partition shall be framed square, leaving an opening at least four (4) inches greater in diameter than the diameter of the smoke flue or pipe on each side, and the smoke flue or pipe shall have a ventilated metal collar; this collar shall not come in contact with the woodwork, and all plastering shall be on metal lath or wire securely nailed to the square opening.

All smoke openings into chimney flues shall be so placed that the top of the frame opening shall be at least fifteen (15) inches below the floor joists above.

Access to Roof.

SEC. 15. All buildings over twenty (20) feet high shall have permanent means of access to the roof from the inside through an opening not less than 24x30 inches.

Cutting of Timbers, Etc.

SEC. 16. Floor joists and supporting girders shall not be cut out for piping, etc., the pipes must pass by and around in all cases and where steam pipes pass through floors, ceilings, or partitions, a clear space of at least one-half ($\frac{1}{2}$) inch must be left all around pipes.

SEC. 17. Any person or corporation, whether owner, lessee, contractor, workman, or agent, who shall violate any of the provisions of

this ordinance, shall be liable to a penalty of not more than twenty (\$20) dollars for each offense.

SEC. 18. All ordinances, or parts of ordinances, heretofore passed by the City Council inconsistent herewith, and an ordinance entitled "An Ordinance Relating to Building and Repairing Buildings in the City of Berlin, N. H." passed May 17, 1906, and any amendments thereto are hereby repealed, and this Ordinance shall take effect upon its passage.

Passed March 20, 1913.

Approved,

DANIEL S. DALEY, Mayor.

P. J. SMYTH, City Clerk.

In the year of our Lord one thousand nine hundred and thirteen.

AN ORDINANCE relating to the collection and disposal of garbage in said City.

Be it ordained by the City Council of the City of Berlin, as follows :

SECTION 1. It shall be the duty of all persons residing within the garbage district of the City of Berlin to place all garbage or other refuse matter in suitable receptables of galvanized iron, with tight covers which shall have been approved by the Board of Health, and place the same near the sidewalk or street on those days designated by the Board of Health as Collection Days..

SEC. 2. Both wet and dry garbage may be placed in the same receptable when of the above description.

SEC. 3. All receptables shall be kept in good condition at all times, and shall be cleansed when deemed necessary by the Board of Health.

SEC. 4. All wet garbage shall be thoroughly drained of water and wrapped in paper before being placed in receptables.

SEC. 5. Nothing in this ordinance shall be construed to prevent those persons who desire to sell, give or otherwise dispose of their wet garbage to private individuals or collectors provided receptables satisfactory to the Board of Health are maintained and kept in satisfactory condition at all times. Such persons shall also provide suitable receptables with covers for the disposal of dry refuse.

SEC. 6. All teams or other vehicles used by private collectors shall be covered and shall be kept in a cleanly condition at all times.

SEC. 7. The Street Department shall have charge of the collection and disposal of garbage and other refuse material, under such rules and regulations not inconsistent with the provisions of the other sections of this ordinance as the said Board may from time to time

make relating to this subject, including the designation of certain days for the collection of such garbage and refuse, to be known as Collection Days.

SEC. 8. Any violation of the provisions of this ordinance, or of the rules and regulations made by the Board of Health in pursuance hereof shall be punished by a fine not exceeding ten (\$10) dollars for each offense.

SEC. 9. This act shall take effect upon its passage.

Passed May 22, 1913.

Approved,

DANIEL J. DALEY, Mayor.

In the year of our Lord one thousand nine hundred and thirteen.

AN ORDINANCE relating to the keeping for hire of billiard tables, pool tables, bowling alleys, shooting galleries, and penny arcades.

Be it ordained by the City Council of the City of Berlin, as follows :

SEC. 1. No person shall keep for hire any billiard table, pool table, bowling alley, shooting gallery, or penny arcade in the City of Berlin unless a license therefore in writing specifying the place in which it is to be kept shall first be obtained from the City Council. The moral fitness of such person to hold said license shall first be investigated by the Police Commissioners of said City.

SEC. 2. No person keeping any billiard table, pool table, bowling alley, shooting gallery, or penny arcade under such license or who is employed in and about any such place of business, who shall be convicted within a year of gambling, or of keeping a gambling house, or of intoxication or of the illegal sale of intoxicating liquors, or who shall without conviction thereof, show or display any lewd, indecent, or immoral pictures in such place of business shall be deemed a fit person to conduct or be employed in such business. The continuance in such business of any such person shall be cause for the revoking and forfeiting of said license.

SEC. 3. No person exercising a license under Section One shall permit or allow, in his place of business any minor less than eighteen (18) years of age, or any person who is intoxicated, or who is using profane, vulgar, or indecent language; neither shall he permit or allow the use of spirituous or intoxicating liquors in said place.

SEC. 4. Every person shall pay for such license, for the use of the City, the sum of ten (\$10.00) dollars on each billiard table, pool table and bowling alley and for each shooting gallery and penny arcades, or either a license fee of ten (\$10.00) dollars for the use of the city;

the said license fee to be paid on or before the first day of May annually, such licenses may be revoked or annulled at the pleasure of the Mayor and Council.

SEC. 5. All places mentioned in the preceding sections shall be closed at the hour of eleven of the clock at night of each week and shall be closed on Sundays.

SEC. 6. All licenses granted under the preceding section shall be valid until the first day of May next after the granting thereof, unless sooner revoked.

SEC. 7. All licenses shall be recorded in the office of the City Clerk, who shall be entitled to a fee of fifty cents for each license to be paid by the person to whom it is granted.

SEC. 8. Any person violating any of the provisions of this Ordinance shall be punished by a fine of not exceeding ten (\$10.00) dollars for each offense.

SEC. 9. All ordinances, or part of ordinances inconsistent with this ordinance are hereby repealed and this ordinance shall take effect on its passage.

Passed May 22, 1913.

Approved,

DANIEL J. DALEY, Mayor.

Resolutions.

In the year of our Lord one thousand nine hundred and thirteen.

A RESOLUTION relating to the consolidation of the Departments of Highways, Sewers, Civil Engineering, and salaries of same.

WHEREAS, The question of consolidating under one head the Departments of Highways, Sidewalks, Sewers and Civil Engineering, has been referred to the Committee on Roads and Bridges, and the Mayor for investigation, and

WHEREAS, Said Committee has investigated and reported in favor of consolidating said departments, and the City Council has adopted such recommendations, and

WHEREAS, In view of such action, Leslie J. Wertheim, of said Berlin, has been elected Highway and Sewer Commissioner, and Civil Engineer, and has consented to take charge of all the work of said departments, and to devote his entire time thereto for the period of one year from the date of his election for the sum of fifteen hundred dollars, (\$1500.00) which includes the salary of Highway Commissioner, Sewer Commissioner, and full compensation for his services as Civil Engineer, and also an additional sum of two hundred dollars (\$200.00) for transportation charges, the latter sum to be paid in advance, and the former sum monthly. Now, therefore, be it
Resolved by the City Council of the City of Berlin, as follows:

That for said period of one year said departments be consolidated, and the sum of seventeen hundred dollars (\$1700.00) be appropriated for the payment of said salaries, said compensation for engineering work, and said transportation charges, and paid to the said Leslie J. Wertheim for said services, with the understanding that he is to devote his entire time to the work of said departments.

Passed April 3, 1913.

Approved,

DANIEL J. DALEY, Mayor.

Attest,

P. J. SMYTH, City Clerk.

In the year of our Lord one thousand nine hundred and thirteen.

A RESOLUTION relating to the salary of the Health Officer and Milk Inspector of said City.

WHEREAS, The matter of the increase of salary of the Health Officer and Milk Inspector of said City has been referred to the Committee on Salaries for investigation and report, and said Committee having investigated the matter and reported that the salary of said official should be increased to the sum of \$1200.00. Now, therefore, be it

Resolved by the City Council of the City of Berlin, as follows :

That the salary of the Health Officer and Milk Inspector of said City be fixed at the sum of \$1200.00, payable in equal weekly installments, and so continue until otherwise ordered by said City Council.

Passed April 17, 1913.

Approved,

DANIEL J. DALEY, Mayor.

Attest,

P. J. SMYTH, City Clerk.

In the year of our Lord one thousand nine hundred and thirteen.

A RESOLUTION relating to the salary of the Chief of the Fire Department.

WHEREAS, At a Council meeting duly held by the said City Council of said City on the 3rd day of April, 1913, it was voted to fix the annual salary of the Chief of the Fire Department at \$1200.00, and that the Committee on Fire Department be instructed to prepare a resolution fixing said salary at the sum named in accordance with said vote, and submit it to a future meeting of said City Council. Now, therefore be it

Resolved by the City Council of the City of Berlin, as follows :

That the annual salary of the Chief of the Fire Department of said City be fixed at the sum of \$1200.00, payable in equal weekly installments, and the same be continued until otherwise ordered by the City Council.

Passed April 17, 1913.

Approved,

D. J. DALEY, Mayor.

Attest.

P. J. SMYTH, City Clerk.

In the year of our Lord one thousand nine hundred and thirteen.

A RESOLUTION relating to the salary of the City Solicitor for said City for the current, political year.

WHEREAS, The work of the City Solicitor for the coming year will be considerably increased over former years, and

WHEREAS, The matter of an increase in his salary has been referred to the Committee on Salaries for investigation and report and said Committee having investigated the matter, report that said

salary ought to be increased to the extent of \$200.00 for said year, making the total salary \$600.00. Now, therefore, be it

Resolved by the City Council of the City of Berlin, as follows :

That the salary of the City Solicitor for the current, political year be fixed at the sum of \$600.00, payable in equal monthly installments.

Passed April 17, 1913.

Approved,

DANIEL J. DALEY, Mayor.

Attest,

P. J. SMYTH, City Clerk.

In the year of our Lord one thousand nine hundred and thirteen.

A RESOLUTION to raise a sum or sums not exceeding in the aggregate twenty thousand dollars (\$20,000.00) in anticipation of taxes for the municipal year 1913.

Resolved by the City Council of the City of Berlin, as follows :

That a sum not exceeding in the aggregate twenty thousand dollars (\$20,000.00) be raised by loan or loans for the purpose of paying current expenses of the various departments of said City in anticipation of the taxes for the municipal year 1913, to be paid from the taxes of said year; and that the City Treasurer be, and he hereby is authorized to give the note or notes of said City for said amount, at a rate of interest not to exceed five (5) per cent.

Passed May 22, 1913.

Approved,

D. J. DALEY, Mayor.

Attest,

P. J. SMYTH, City clerk.

In the year of our Lord one thousand nine hundred and thirteen.

A RESOLUTION appropriating money to defray the expenses of the different departments of the City Government for the fiscal year ending January 31, 1914.

Resolved by the City Council of the City of Berlin, as follows :

That the sum of one hundred and fifty-six thousand, six hundred seven dollars and eighty-two cents, (\$156,607.82) be raised by tax on polls and estates liable to be taxed in said City, to defray the expenses of the different departments of the City Government for the fiscal year ending January 31, 1914.

A RESOLUTION to raise money in anticipation of taxes.

Resolved by the City Council of the City of Berlin, as follows :

That a sum not exceeding fifteen thousand dollars (\$15,000.00) be raised by loan or loans, for the purpose of paying the current expenses of the various departments of said City in anticipation of taxes for the municipal year 1913, to be paid from the taxes of said year ; and that the City Treasurer be, and he is hereby authorized to give the note or notes, of said City not exceeding in the aggregate said amount at a rate of interest not to exceed five per cent.

Passed July 1st, 1913.

Approved,

DANIEL J. DALEY, Mayor.

Attest,

P. J. SMYTH, City Clerk.

In the year of our Lord one thousand nine hundred and thirteen.

Resolved by the City Council of the City of Berlin, as follows :

A RESOLUTION authorizing the issue of serial bonds of said City to the amount of \$150,000.00.

That there be appropriated for the purpose hereinafter specified, the following amounts respectively, to wit :

1st. For the construction and equipment of a City Building and for the purchase of land on which to locate the same, to be used for City purposes, said land described as follows :—

Being the Brooks Lot, so called, situated at the corner of Main and Mason streets, in said City, easterly of said Main street, with a frontage thereon of ninety-five (95) feet, more or less, and southerly of said Mason street, with a frontage thereon of eighty (80) feet, more or less; and also another plot of land in the rear of said Brooks Lot owned by the International Paper Company, with a frontage on the southerly side of Mason street of forty (40) feet, and thirty (30) feet wide at the opposite back and adjoining said Brooks Lot and running back from said Mason street as far as said Brooks Lot extends, \$95,000.

2nd. For the extension and improvements of streets and sidewalks, \$23,000.

3rd. For the extension and construction of sewers, \$9,000.

4th. For the purchase of the Stewart & Snodgrass lot, so called, situated on the southerly side of Mason street, to be used for City purposes, \$5,000.

5th. For the construction and equipment of a school house and land upon which to locate same, to be used by said City for school purposes, said land described as follows;—Lots numbered 48, 50, 52, 58, 59 with a small triangular piece enclosed within said lots as per plan of additon No. 1 to plan of Berlin Mills Village recorded in Coos county Registry of Deeds, vol. 6, page 400, said land having been selected by the Board of Education of said City for said purpose this appropriation being adequate for the purchase thereof, \$18,000. Be it further

RESOLVED, That the City Treasurer be, and he is hereby authorized to borrow said amount of \$150,000.00, and for that purpose that the bonds of said City be issued to the amount of \$150,000.00, under the "Municipal Bonds Act of 1905," and Acts amendatory of, and in addition thereto.

Said bonds shall be dated July 1st, 1913, to be in coupon form, payable to bearer, maturing \$7500.00 on July 1st of each of the years 1914 to 1933, inclusive. Each annual payment to be divided into six bonds for one thousand (\$1,000.00) dollars each, and three bonds for

five hundred (\$500.00) dollars each; principal and interest to be payable at the Old Colony Trust Company, Boston, Massachusetts, and none of said bonds to be obligatory without the authenticating certificate of said Trust Company endorsed thereon. The bonds shall bear the seal of said City, be signed by the Mayor, and countersigned by the City Treasurer, and bear interest at the rate of four and one-half ($4\frac{1}{2}$) per cent per annum, payable semi-annually. The coupons attached to said bonds shall bear the facsimile signature of the City Treasurer.

Further particulars as to the form, issuance and sale of said bonds to be determined within legal requirements by the City Treasurer, subject to the approval of the Finance Committee.

The proceeds of said bonds in the amounts specified shall be applied solely for the purpose designated.

That for the purpose of providing payment of the principal and interest of said bonds, there shall be raised by taxation each year sums sufficient to pay said principal and interest due each year until all of said bonds are paid in full.

Passed July 24, 1913.

A RESOLUTION to raise the sum of ten thousand (\$10,000.00) dollars, in anticipation of the proceeds of certain bonds of said City authorized by a resolution of said City Council passed July 24, 1913, for the purpose of raising money to construct a City Building, and purchase land upon which to locate same.

Resolved by the City Council of the City of Berlin, as follows:

WHEREAS, said City has purchased of John B. Gilbert, administrator of the estate of Cyril Brooks, late of Berlin, aforesaid, certain land for a City Building lot, located at the corner of Main and Mason streets, in said City, more fully described in a certain deed from said John B. Gilbert, as such administrator, to said City, dated July 25, 1913, and

WHEREAS, said John B. Gilbert, as administrator as aforesaid, has agreed to accept in payment for said land two notes of said City for the sum of five thousand (\$5000.00) dollars each, and make due delivery of said deed to said City. Now, therefore be it further

RESOLVED, That for the purpose aforesaid the City Treasurer of said City be, and he is hereby authorized to give two notes of said City of Berlin for the sum of five thousand (\$5,000.00) dollars each, both

payable to the order of said John B. Gilbert, administrator of the estate of said Cyril Brooks on demand, with interest at six (6) per cent, said notes to be paid from the proceeds of certain bonds of said City, authorized by a resolution of said City Council passed July 24, 1913, for the purpose of raising money to construct a City Building and purchase land on which to locate same.

Passed July 25, 1913.

A RESOLUTION relating to the erection of a pest house in said City.

Resolved by the City Council of the City of Berlin, as follows:

That a new pest house for the detention and accommodation of persons afflicted with contagious diseases be erected on the lot owned by said City located on the westerly side of the highway leading from Berlin to West Milan, which was formerly used for that purpose at a total cost for erecting, equipping and furnishing the same not to exceed sixteen hundred eighteen dollars and fifty cents (\$1618.50).

That the sum of \$1618.50, being the premium on the bonds for \$150,000.00 recently issued by the City, be appropriated for that purpose.

That a committee consisting of three members of the City Council be appointed by the Mayor, subject to its confirmation, of which com-

mittee the Mayor shall be an additional member, to whom shall be committed the general supervision of awarding, making and executing contracts for materials and labor for said building and furnishing the same ready for use, all subject, however, to the approval of said City Council.

A RESOLUTION relating to the construction of a new City Building in said City.

Resolved by the City Council of the City of Berlin, as follows :

That a committee consisting of five members of the City Council be appointed by the Mayor, subject to confirmation by said City Council, of which Committee the Mayor shall be an additional member, to whom shall be committed the general supervision of the erection and equipment of the new City Building authorized by and provided for in the resolution passed by said City Council July 24, 1913, by virtue of which resolution ninety-five thousand dollars (\$95,000.00) were raised for a new City Building and land upon which to locate the same.

That the duties and powers of said committee shall embrace the making and executing of all contracts and agreements for furnishing material for, and erecting said building, and equipping and furnishing the same ready for public use, according to plans and specifications made by H. C. Bates, architect, as now prepared, or as they may hereafter be changed or modified by direction of said Committee.

That all acts of said Committee shall be subject to the approval of the City Council, and any vacancy therein shall be filled by appointment and confirmation as herein provided. Be it further

RESOLVED, That all acts of the Committee appointed by the Mayor, July 17, 1913, thereto authorized by vote of the City Council, relating to the employment of an architect, procuring plans and specifications, asking for bids and awarding the contract for the erection and equipment of said building be, and they hereby are approved and confirmed.

A RESOLUTION relating to the payment of City of Berlin bonds due December 1st, 1913.

WHEREAS, The amount of available cash in the sinking fund of said City of Berlin, due December 1st, 1913, and it is necessary to increase the same for such purpose, and

WHEREAS, A portion of said sinking fund, to the extent of eighteen thousand dollars (\$18,000.00) par value, is invested in eight City of Berlin bonds due May 1, 1917, five City of Berlin bonds due December 1, 1919, and five City of Berlin bonds due December 1, 1923, and also in certain bonds of the town of Danbury, Connecticut. Now, therefore, be it

Resolved by the City Council of the City of Berlin, as follows :

That said bonds aggregating eighteen thousand dollars (\$18,000) or such part thereof as may be necessary, be sold and converted into cash, and that the Finance Committee be, and it is hereby authorized and empowered to effect such sale for such price as it deems wise, and to deliver said bonds to the purchaser. And be it further

RESOLVED, That if in the opinion of said Finance Committee it becomes necessary to sell and convert into cash any of said town of Danbury bonds to make up any further deficiency in cash available in said sinking fund for the purpose aforesaid, said Finance Committee are hereby authorized and empowered to sell such portion of said Danbury bonds as may be necessary therefor, at such price as it deems wise, and deliver the bonds so sold to the purchaser, the total proceeds of said sale, or sales, to be applied to the payment of said bonds due December 1, 1913.

Report of the City Solicitor.

BERLIN, N. H., February 1, 1914.

To His Honor, the Mayor, and City Council of the City of Berlin :

At the commencement of my term of office there were pending against the City two actions as follows viz:—

Charles S. Clark for damages caused by the City's using a strip of land in front of his store building on Main street for sidewalk purposes. This suit has been settled by the City's purchase of the strip of land in question.

Zoel Pellerin vs. the City of Berlin; a suit for damages for raising the grade on Pleasant street in front of his store property at that point. This action is still pending.

During the year suits against the City have been brought as follows:—

George Preo vs. the City of Berlin for damages caused by change of grade in front of his premises on Church street. A trial was had before the County Commissioners who made an award of \$325.00.

Matthew J. Ryan against the City of Berlin for the same. Also tried before the County Commissioners and an award for damages made of \$75.00.

City Bowling Alleys vs. the City of Berlin for damages caused by the flooding of their alleys by the freshet in the Spring of 1913. This suit is still pending.

There has been a large number of matters in the Police Court requiring attendance there nearly every day. I am indebted to my partner, Mr. James, for attending mainly to this part of the work and take this opportunity to acknowledge my indebtedness for his efficient work in this department.

Respectfully submitted,

HERBERT I. GOSS, *City Solicitor.*

Philius Nadeau.....	State street
Odelon Bouchard.....	First avenue
Thomas H. Suffill.....	First avenue
Joseph Steinfeld.....	High street
F. H. Blanchard.....	Washington street
J. E. Gonya.....	Washington street
Thos. H. Samson	Burgess street
Geo. Halverson.....	Sweden street
Ernest F. Osgood.....	Spring street
Berlin Mills Co.....	Main street
J. R. Streeter.....	Prospect street
Benjamin Dean	Mason street

The total amount expended for additions and repairs was \$9400.00.

I have also issued permits to the City for the construction of buildings for municipal purposes as follows:—

1st. New detention hospital for the care of contagious diseases, on the Jericho road, so called, at a cost of \$1726.98.

2nd. New store sheds on the Stewart and Snodgrass lot, so called, on Mason street, used for the purpose of storing machinery and tools, at a cost of \$700.00.

3rd. New fire station at the Cascades on Gordon avenue, at a cost of \$793.50.

In addition to the above, permits were issued for the construction of brick buildings outside the fire district now in course of erection and not yet completed: To Gilbert Brothers to construct Young Men's Christian Association building on the East side of the river opposite High street, estimated cost, \$69,000.00.

To Robert N. Snodgrass, permit to erect a two story brick school building at Eighth and Sweden streets, Berlin Mills village, at a cost of \$22,471.00.

INSIDE THE FIRE DISTRICT.

To Gilbert Brothers, permit to construct a three story brick building to be used as a City Hall at a cost of \$77,825.00.

Grand total, \$272,266.48.

Owing to the fire which destroyed the saw mill and outbuildings of the Berlin Mills Company's plant, a number of large and expensive buildings have been erected by the Berlin Mills Company, but as the buildings in question are not yet completed, a detailed report of the

cost of the same is not available at this time and will be a part of the next annual report of the Building Inspector.

I wish to thank the Mayor, Council, and members of the City Government for the aid and courtesies extended to me in the discharge of my official duties.

Respectfully submitted,

ALFRED LAUZIÈRE, Building Inspector.

Report of Library Trustees.

BERLIN, N. H., February 1, 1914.

To His Honor, the Mayor, and City Council of the City of Berlin :

Gentlemen :—The trustees of the Free Public Library, of the City of Berlin, beg to submit the report of the year ending January 31, 1914, which contains statements of the Treasurer and Librarian.

Miss Adria Hutchinson fills very capably the important position of Librarian and patrons of the Library bring very favorable reports of her thorough knowledge of what the Library contains and her courteous manner in assisting them. Miss Gertrude Weymouth, Assistant Librarian, also serves the public very efficiently and satisfactorily.

Occasionally it happens that a share of the appropriation must be expended on repairs. It seems then that not so much has been accomplished with it, but one of the important duties of the Trustees is to see that the Library Building, valued at \$17,000, does not deteriorate. In July of this year extensive repairs were made on the walls, revarnishing of the floors, woodwork, tables and chairs, in all departments, the archway over the front entrance was repaired and restored to its original beauty. A magazine filing room has been finished with extensive shelf room so that magazines may be kept for future reference.

New screens were purchased for the windows and doors at the entrance, a new Oliver typewriter has been installed, new books have been added and old ones repaired, details of which appear in the Librarian's report.

This year the Librarian was sent to Manchester in June to attend the New Hampshire Library Association.

It is earnestly hoped that \$2500.00 may be appropriated this year. The Library is for the use of every person in Berlin and to supply their needs there should be a generous appropriation. If we compare the expense of our Library to that of cities of the same or smaller size, we find that we are less generous to our literature-loving people than they. For instance, Rochester with 8,868 inhabitants appropriates \$3000.00, and Dover with 13,247 gives \$5,800.00 to the use of its library.

That the usefulness of the Library may be increased the Trustees suggest to the teachers of the schools, public and parochial, the

officers of the Woman's Club, the clergymen, and everybody interested in the intellectual improvement of the City, that they meet with the Library Trustees and express their desires and devise the best methods of getting results. These meetings will be arranged by the Trustees whenever requested by anyone who will telephone the Chairman.

Respectfully submitted,

J. J. FEENEY, *Chairman*,
EDWARD A. STEADY, *Treasurer*,
ANNIE C. HAMLIN, *Secretary*.

LIBRARIAN'S REPORT.

BERLIN. N. H., December 31, 1913.

To the Board of Trustees of the Free Public Library :

The twenty-first annual report of the Free Public Library is herewith submitted by the Librarian. The statistics appended to this report give a detailed account of the progress of the work during the year 1913.

The chief aim of the modern library is to be of the greatest usefulness to the community in which it is placed, whether this usefulness is in giving forth enjoyment or information. With this ideal always before us, we have endeavored this past year to fulfill the legitimate demands made upon the library.

To make our registration record more accurate, one hundred and seventeen patrons-pockets which had not been used for several years were withdrawn from the records, and the old numbers given to new applicants. Accordingly, over three hundred new friends have registered during the year, and eleven non-residents have taken advantage of our "non-resident deposit privilege" by paying the required fee. This increase in patronage, we feel, must be one proof that the library is a working factor in the progress of the city.

The accessions for the past year have been small. By gift we have received 55 books, and by purchase 265, a total increase of 320, which makes the whole number of volumes in the library 8,210. The decrease in books purchased has not been from lack of energy on the part of the library staff, but rather from lack of funds.

Our circulation has improved both in quality and in quantity, 25,217 volumes having been distributed for home and school use from both departments. While the percent of fiction read is the largest, there has been a decided tendency on the part of the borrowers to call for books of a more serious nature, and the daily requests for books of practical use have been many.

The reference department has proved itself a useful necessity, especially in regard to work with the schools. The records show an attendance of 1,899, and as last year, the majority of this number have been High school pupils. They have freely sought the library for aid in research work in history and in literature, and many bibliographies have been compiled for their use in the writing of debates and essays. Because of the large demand for history reference books, several volumes by authoritative authors have been added, but even so, the

demand far exceeds the supply.

Undoubtedly the reading room has played an important part toward extending the popularity of the library. The number of readers has been many, and the worn and frayed edges of the magazines are in themselves a testimony of much handling and reading.

The work in the children's department under the direct charge of Miss Weymouth has shown a steady growth, fully justifying the added expense of obtaining the separate room. This year there is an increase in circulation of 361, making a total of 8,938. However, adequate work cannot be done with the insufficient book supply, there being hardly 900 volumes on the children's shelves. To keep these in any kind of condition for use, much time has to be given for mending which could be spent to better advantage in other channels.

In this department the demand for histories and travel is as great as that for the "story book." This is due somewhat to the quality of books which are sent regularly to the grades for their use.

All holidays and special events have been followed as nearly as possible by the use of the picture collection. At Christmas time a tree furnished much enjoyment to the youngsters. "Story hours" were started with great success but the lack of "story tellers" caused their discontinuance. Miss Simpson, Miss Davis and Mrs. Brown who kindly gave their services were fully appreciated. Thanks are due them for their valuable time given for this purpose.

That the children enjoy the games furnished them has been manifested by the many "championship games" fought out during the evening hour. The "checker" game seems to predominate. A few more chairs must be added at once to seat all comfortably.

Several lists have been made up during the year by Miss Weymouth. Among these was a list for seventh grade reading and a list for the starting of a school library at the Cascades.

Through the kindness of Mrs. Hutchinson the window-boxes in the children's room have been filled to overflowing with geranium plants which adds much to the cheerfulness of the room.

The ever increasing routine work of cataloging, repairing damaged books, and the replacing of books upon the shelves of the stacks has consumed more than library hours. In addition the re-arranging of the card-catalogue index has been accomplished, thereby facilitating the work of the patrons when searching for their own material. This year about one hundred pictures have been cut, mounted and classified for our picture collection.

The placing of new shelves in the stack room in the basement necessitated a thorough overhauling of that room. As a result, one hundred and sixty-five books were withdrawn from circulation. Half

of these were literally worn to shreds, and the remaining numbers together with a few superfluous magazines were made up into boxes for the county farm and several logging camps. Over a thousand unbound magazines were sorted and filed for future use in connection with the reference work.

Much appreciation is due our weekly newspaper for kindly printing lists and notices, but a more extensive means of bringing all the books to the attention of the people must be immediately devised. While many libraries deplore the printing of a catalogue, still, the catalogue with occasional supplements seems the only solution to our difficulty. Undoubtedly, this would mean the expenditure of between three and four hundred dollars, but the increased usefulness of the library would more than compensate for the extra expense.

Your attention is called to the urgent need of a larger appropriation, especially for the purchasing of books, if the library is to continue to be of efficient service and helpfulness to the people of Berlin.

I wish to express my appreciation to the Trustees for their kindly interest, and especially for the faithful service and co-operation given by the assistant, Miss Weymouth; to the substitutes, Miss Kailey, Miss Caird and Mrs. Hodgdon, who have cheerfully given much of their time when called upon.

Grateful acknowledgment is made to those who have by gifts shown their interest in the library.

ANNUAL REPORT

OF THE

Street Department

Sewer Department

Engineering Department

1914

L. J. WERTHEIM

Superintendent of Departments

Report of City Engineer, Street and Sewer Department.

To His Honor, the Mayor, and City Council :

I respectfully submit herewith the reports of the City Engineer, Highway Commissioner and Sewer Commissioner for the year ending January 31, 1914, together with a few recommendations for the future in these departments.

In view of the fact that during the last year these departments have been combined under one head, I have taken the liberty to combine the reports. Another reason for the combination is that there are several charges in the Street and Sewer departments such as office charges, storehouse, tools and equipment, etc., which cannot be accurately separated. The cost of these jobs will be found in Table 6, of this report under the head of Miscellaneous Department Accounts.

In the Engineering Departments the charges for lines and grades and engineering work are charged directly to the job on which they were done, so that the cost on each sidewalk job for instance includes the cost of lines and grades for that job.

There have been surveys made and elevations taken for bench marks in different parts of the City, all referring to the City Datum, for use in future engineering work about town. This work was charged to the Street Maintenance Account in Table 3. There have also been the following descriptions and sketches for deeds :

DESCRIPTIONS AND SKETCHES FOR DEEDS.

Brooks Estate.	To City of Berlin. Main St.	City Hall Lot.
International Paper Co.	To City of Berlin. Main St.	City Hall Lot.
H. N. Gessner.	To City of Berlin. Second Ave.	Right of way for retaining wall.
H. N. Gessner.	To City of Berlin. Clark St.	Right of way for retaining wall.
Arthur G. Nail.	To City of Berlin. Third Ave.	Sewer right of way.
Green Aqueduct and Land Co.	To City of Berlin. Shepard St.	Street pur- poses.

Chas. S. Clarke.	To City of Berlin. Main St.	Sidewalk purposes.
Berlin Mills Co.	To City of Berlin. Burgess St.	Highway purposes.
Berlin Mills Co.	To City of Berlin. Grafton St.	Highway purposes.
Berlin Mills Co.	To City of Berlin. Rockingham Street.	Highway purposes.
Berlin Mills Co.	To City of Berlin. Coos St.	Highway purposes.
Berlin Mills Co.	To City of Berlin. Sullivan St.	Highway purposes.
Berlin Mills Co.	To City of Berlin. Columbia St.	Highway purposes.
Berlin Mills Co.	To City of Berlin. Hutchins St.	Highway purposes.

There have also been made surveys, descriptions and sketches for the following legal laying out of streets :

Cole street, Mechanic street to Dead river.

Third avenue, Madigan street to Jolbert street.

A survey was made for a sidewalk on Glen avenue, and it was found necessary that the International Paper Co. build a retaining wall along the route of the proposed walk. This matter is now in the hands of the New York office of the International Paper Co. This walk has been ordered built and should be begun as soon as the wall is built.

Plans are also being prepared for the development of a small common near the Grand Trunk station to be built in conjunction with the Grand Trunk Railway, when they begin the new station, the coming spring. If this materializes I feel sure that at little cost to the City we will have a parkway of which we can reasonably be proud.

For several reasons we were unable to do very much during the past season in regard to renovating the pole lines in the City but I am quite confident that during the coming year a great deal can be done to beautify our streets by a general over-hauling of the pole lines.

The matter of remodelling the steps in front of the Public Library was taken up with the Library Trustees who would not consent to make the change. It is impossible at present to build a sidewalk in front of the Library continuing to the new bridge at High street, and I would respectfully urge that immediate measures be taken to make the change.

An estimate was made for removing a ledge knoll at the corner of Seventh street and Norwegian street, and inasmuch as these streets

cannot be properly drained and surfaced until this ledge is removed, I would recommend that the work be done the coming season.

I would also recommend the following street improvements :

Tar concrete pavement on Glen avenue from Post Office square to the railroad crossing; macadam pavement on Green street, Second avenue, and Madigan street, leading from the underpass to Third avenue; grading, curbing and tar pavement on Success street, and Cambridge street; grading Eighth street from Main to Norwegian street, and Norwegian street from Eighth to Tenth streets, and Ninth street from Main street to Norwegian street; grading High street from Pine street to Portland street; and Holt avenue from High street to Church street.

A sidewalk should be built on High street from Emery street to State street, but the work should not be done until some of the poles on the street are removed.

Several streets in ward four need grading quite badly, as it is at present impossible to drain them and build sidewalks.

The streets at the Cascades need some attention the coming season, as do our country roads.

During the past year some work was done on Third avenue, from Madigan street to Jolbert street. The cost of this work is included in Job No. 64, Table No. 5. The entire ledge on this street is drilled ready to be blasted in the spring.

Work was done on Grafton street, under Job No. 38, Table No. 3, and I recommend that this work be continued up the hill to allow proper drainage of this street.

You will notice in Table No. 2, of this report that there are several orders which have not been carried out. I think they should receive the first consideration the coming season.

I would also recommend that ordinances be passed in accordance with the State Law requiring every person engaged in plumbing work to pass a suitable examination and hold a license, and wear a badge signifying his class of license. This will cost the City nothing and will protect the property owner.

We have built, the past season a new storehouse where all the machinery, tools and equipment is kept, and have for the first time in our history a department yard and shop where we can work without encroaching upon private land, and where all the equipment can be properly cared for. We have also, in the storehouse, room to keep all the materials used by the department and it is my intention before the end of my term to install a storehouse system so that material can be more accurately kept track of than was possible the past season.

An electric-air drilling outfit was installed early in the season by

which we were enabled to reduce the cost of drilling from between 90c and \$1.00 per ft. to 22c per ft. We also purchased two new street sprinklers, one of which was used in that part of ward one lying westerly of the Grand Trunk tracks. I think it will be possible the coming year to sprinkle the entire City.

I think it will be advisable to give all of our water bound macadam streets a surface treatment of Tarvia, the same as was done last spring on a few of the streets. The average cost of this work the past season was 5.6c per sq. yd.

The average cost of water bound macadam pavement the past year was 85.4 cents per sq. yd., including necessary grading. Crushed stone cost \$1.98 per cu. yd., delivered at the job.

The average cost of tar pavement, such as that on Mason street and Mechanic street, is 87.4 cents per sq. yd., including necessary grading, and I would recommend that as the average life of such a pavement is a great deal longer than that of macadam and the cost of upkeep a great deal less, more of this class of pavement be built.

During the past season a new numbering system was installed in the City, and every house numbered. A card index of addresses is kept in the office of the City Engineer, which is open to the public at all times. The total cost of house numbering was \$734.29 and we used in all 6854 numbers, costing six cents each. Allowances are made for possible street extensions and new building, so that I do not believe that it will ever be necessary to renumber any of the streets.

I have prepared the following tables which will show you the work done in these departments.

Table No. 1, shows the petitions acted upon by the Committee on Roads and Bridges and Sewers and Water and the City Engineer, who also acted as clerk of this Committee.

Table No. 2, shows all the orders received by the City Engineer. This table shows the file Number which corresponds with the file Numbers on Table No. 1. It also shows the job Numbers which correspond to the job Numbers on the cost sheets, Tables No. 3, 4, 5, 6.

Table No. 3, is the cost sheet for purely street work. On this Table No. 1, Street Maintenance, includes all street repairs, street cleaning, snow removal and general maintenance work.

Table No. 4, is a cost sheet for purely sidewalk work.

Table No. 5, is a cost sheet of purely sewer work. On this table job No. 2, Sewer Maintenance, includes necessary relaying of defective sewers, cleaning catch basins and manholes, cleaning and repairing sewers and the general cost of upkeep and maintenance of the entire City sewerage system.

Table No. 6, shows the cost of jobs in these departments which it is impossible to show accurately on Tables 3, 4 and 5. On this table, job No. 48, blacksmith shop, for instance, was run for all of the street, sidewalk and sewer work, and shows a cost of \$361.68, which for lack of an adequate book keeping system it was impossible to split up and charge directly to the different jobs. As soon as work gets heavy enough we plan to open a shop and accurately charge out work, thereby creating a considerable saving in blacksmith bills.

Table No. 7, is an inventory of the property and tools of the Street and Sewer departments. I have deducted from all items carried over from last year an amount equal to the depreciation of the equipment, and have listed everything at what I considered it to be worth at the present time. The inventory shows an increase of \$3,521.61 over that of last year.

Cost records, more in detail, are kept at the office of the Street and Sewer Departments where they can be seen by anyone desiring additional information.

In closing I wish to express my appreciation of the assistance rendered me by the Mayor, City Council, and heads of departments in the performance of my duties.

Respectfully submitted,

L. J. WERTHEIM, *Street Commissioner,*
Sewer Commissioner,
City Engineer.

Report of Police Commission.

To His Excellency, the Governor of the State of New Hampshire, and to His Honor, the Mayor, and to the Honorable Council of the City of Berlin.

In accordance with Chapter 160 of the Session Laws of 1905, we herewith submit the annual report of the Police Department for the year ending December 31, 1913.

The most important change in this department during the past year, was that caused by the passage of Chapter 148 of the laws of 1913, which created a new Police Commission on September 1, 1913, and legislated out of office the police force existing prior to that date. The first action of the new Commission was to provide the City with a police force, which was done by re-appointing practically all of the former force and providing a Captain and Inspector of Police. This office was filled by former Asst. Marshal Shorey, and Waldo Babson was appointed Asst. Marshal. The office of Captain and Inspector of Police was later discontinued.

In addition to patrolling all of the territory previously covered, the department has added one man to patrol the section around Western avenue and another man to patrol the section about the Boston & Maine station on the East Side, both at the request of the citizens living in these sections. In explanation of the overdraft incurred by this department the Commission would say that by the Session Law of 1913, creating new police court districts, and abolishing the city police court, all of the revenue formerly received from the Police Court was taken from the Police Department and turned over to the County, to be distributed by the County over the various Police Court districts. By this means an appreciable part of the income of the Berlin Police Court does not come to the Berlin Police Department and the expense to the city for running this branch has correspondingly increased.

The police patrol boxes have continued to be of great assistance and with the installation of the new patrol wagon will be of still further aid. When the promised equipment is in working order a larger radius may be served, and it is the purpose of the Commission to install five more patrol boxes at outlying points.

Following is a list of the officers at the present time:

George B. Day, City Marshal.

Waldo Babson, Assistant City Marshal.	
Malcolm Shorey,	Patrolman No. 1.
Burton Sunbury,	Patrolman No. 2.
Frank LaChance,	Patrolman No. 3.
William Colburn,	Patrolman No. 4.
Fred Lafferty,	Patrolman No. 5.
Alex Savoy,	Patrolman No. 6.
Hilaire Morin,	Patrolman No. 7.
James Boudreau,	Patrolman No. 8.
Clifford L. Lamire,	Patrolman No. 9.
Michael McClintock,	Patrolman No. 10.

Constable.

Harry D. Shea.

Dog Constable.

Burton Sunbury.

Following is a statement of the violations of the law, etc., that have received the attention of the department:

Assault.....	54
Assault with intent to rape.....	2

Respectfully submitted,

HARRY D. SHEA,	} <i>Police Commissioners.</i>
ARTHUR WALTERS,	
THOMAS W. ESTABROOK,	

Fire Department.

BERLIN, N. H., January 31, 1914.

To His Honor, the Mayor, and City Council of the City of Berlin:

Gentlemen:—Herewith I beg to submit the report of the Fire Department of the City of Berlin for the year ending January 31, 1914.

The department responded to 34 bell alarms and 74 still alarms.

In addition five fires occurred for which no alarms were given, making a total of 113.

This report will be found to contain statements in detail, embracing a record of all fires and alarms which have occurred during the year and the causes thereof as nearly as could be ascertained, with the names of the owners or occupants, and the value, loss, insurance recovered in each case.

No particularly dangerous fires occurred during the year excepting the Berlin Mill Co. saw mill, that being the most disastrous.

The battery elements of the fire alarm system having been renewed during the summer, the system at the present time is in very fair condition.

Two thousand feet of hose were purchased of which one thousand has been placed at the Cascades.

Alarms.

Still, February 1, 11.09 a. m. Chimney fire in residence of Joseph Lambert. One hand chemical used. No loss.

Still, February 9, 8.15 p. m. Chimney fire in residence of James Ruel. No loss.

Still, February 14, 5.50, p. m. Chimney fire in residence of A. Delisle. No loss.

Still, February 14, 9.00 p. m. Chimney fire in residence of Jos. Lambert. No loss.

Box 25, February 16, 9.20 a. m. Fire in block owned by A. N. Gilbert and occupied by Dave Boudreau and George Haddad. Caused by hot ashes in barrel. Value of building, \$4,000.00, loss \$1,200.00, insurance \$3,500.00, insurance paid \$1,200.00. Value of contents (G. Haddad) \$7,500.00, loss \$74.04, insurance \$6,000.00, insurance paid, \$74.04.

Still, February 19, 7.30 a. m. Chimney fire in residence of A. Langis. No loss.

Still, February 23, 8.38 p. m. Called to block owned by P. E. Beaudoin but no assistance was given.

Still, February 25, 8.45 p. m. Chimney fire in house owned by Mrs. Millett and occupied by Nelson Burbank. No loss.

Box 24, February 24, 10.40 p. m. Fire in house owned by Sam Dickinson. Caused by overheated furnace. Value of building \$4,000.00, loss \$975.90, insurance \$3,000.00, insurance paid \$975.90. Value of contents \$1,500.00, loss \$264.53, insurance \$1,080.00, insurance paid \$264.53.

Still, February 28, 4.30 p. m. Fire on roof of house occupied by F. A. Twitchell. Caused by electric wires. Small loss. No claim given.

Still, February 28, 4.45 p. m. Fire in building owned by Berlin Foundry & Machine Co. Caused by overheated furnace. No loss.

Still, March 7, 12.45 p. m. Called to residence of Sam Lewis to investigate smoke. No fire.

Still, March 17, 7.00 p. m. Chimney fire in residence of Ed. Erickson. No loss.

Still, March 22, 11.30 a. m. Chimney fire in house owned by Dr. A. Lavallee and occupied by various parties. No loss.

Still, March 21, 4.10 p. m. Chimney fire in house owned by Mrs. C. B. Thomas and occupied by E. Keroack. No loss.

Box 55, March 23, 8.05 a. m. Fire in house owned by John Goebel and occupied by Mr. Gabosa. Caused by dumping hot ashes in rubbish outside of shed. One tank chemical used. Value of building \$1,200.00, loss \$18.90, insurance \$1,000.00, insurance \$18.90.

Still, March 22, 11.30 a. m. Chimney fire in house owned by Dr. A. Lavallee. One tank chemical used. No loss.

Still, March 24, 7.00 p. m. Chimney fire in house owned by L. Bisson and occupied by Wm. Ware. One tank chemical used. No loss.

Box 28, March 24. For preceding fire.

Still, March 29, 6.30 p. m. Chimney in house owned and occupied by O. Bouchard. One tank and two hand chemicals used. No loss.

Box 51, April 3, 10.10 a. m. Fire in house owned by Mrs. Frank Lord and occupied by A. Croteau. Caused by chimney. One tank chemical used and 250 feet hose laid. Value of building \$1,000.00, loss \$95.50, insurance \$500.00, insurance paid \$95.50.

Box 54, April 18, 11.50 p. m. Fire in Italian shanty, East Side. Total loss.

Still, April 20, 9.15 a. m. Chimney fire in house owned by L. Bolduc and occupied by J. Laroque. Two hand chemicals used. No loss.

Still, April 22, 5.30 p. m. Called to Burgess Sulphite Fibre Co. No loss.

Box 42, April 23, 9.30 a. m. Fire in house owned by James Milligan and occupied by Clarence Twitchell. Cause unknown. One tank chemical used and 600 feet hose wet. Value of building \$1,800.00, loss \$1,116.00, insurance \$1,500.00, insurance paid \$1,116.00.

Still, April 30, 6.30 a. m. Chimney fire in house owned and occupied by Albany Chretien. Two hand chemicals used. No loss.

Still, April 26, 2.30 p. m. Fire in ruins of Stewart & Snodgrass stable owned by City of Berlin. Probably caused by children throwing matches in ruins.

Still, April 28, 5.40 p. m. Chimney fire in house owned by Amede Moreau. One hand chemical used. No loss.

Box 15, May 3, 9.30 p. m. Fire in power house of Berlin Mills Co. Caused by motor. 2,150 feet hose wet. Part loss.

Box 221, May 3. Fire in grist mill owned by Berlin Mills Co. Cause unknown. 350 feet hose wet. Part loss.

Still, May 7, 9 a. m. Chimney fire in house owned by Fred Barbin. Two hand chemicals used. No loss.

Still, May 9, 10.55 p. m. Fire in Italian shanty, East side. Total loss.

Box 221, May 10, 3.40 p. m. Fire in saw mill owned by Berlin Mills Co. Caused by sparks from motor. 5,000 feet hose wet. Total loss.

Still, May 15, 4.25 p. m. Called to investigate smoke from Stewart & Snodgrass stable; same was found to be coming from steam roller.

Still, May 30, 12.30 p. m. Chimney fire in house owned by Mrs. Beattie and occupied by James McCann. No loss.

Still, May 30, 12.40 p. m. Chimney fire in house owned by Peter Proppey. One hand chemical used. No loss.

Still, June 3, 10.30 a. m. No fire.

Box 231, June 5, 12.30 a. m. Fire in storehouse owned by George W. Blanchard & Son. Cause unknown. 200 feet hose wet. Value of building, \$400.00, loss \$73.00, insurance \$200.00, insurance paid \$73.00.

Still, June 12, 8.10 p. m. Rubbish fire on Burgess street. No loss.

Box 32, June 13, 3.55 p. m. Fire was thought to be coming from stable owned by C. Brooks Estate, but was smoke blowing from house through stable.

Box 14, June 14. Fire in freight shed owned by Berlin Mills Co. Caused by incendiary. No loss.

Box 32, June 17, 1.20 p. m. Fire in City Garage occupied by Jos. Gosselin. Caused by gasoline igniting in auto owned by G. A. St. Germain. No damage to building. Value of auto \$1,400.00, loss

\$100.00. Insurance \$1,000.00, insurance paid \$100.00.

Still, June 18, 7.15 p. m. Burning of awning on building owned and occupied by A. Rozek. Caused probably by throwing of lighted match on same. One tank chemical used.

Box 52, June 21, 10.56 a. m. False alarm.

Still, June 21, 9.15 a. m. No fire.

Box 321, June 23, 9.40 a. m. Fire in sulphite piled in yard of International Paper Co. Caused by sparks from engine. Part loss.

Box 34, June 26, 1.50 p. m. Fire in residence of Samuel Corey. Caused by sparks from chimney. 250 feet hose wet. Part loss. No insurance given.

June 13. Fire in residence of James Monahan. No alarm given. Value of building \$3,500.00, loss \$1,500.00, insurance \$2,500.00, insurance paid \$1,500.00.

Still, July 6, 7.30 p. m. Fire in basement of H. Wertheim's store. Caused by overheated motor. No loss.

Still, July 7, 11.30 a. m. Chimney fire in house owned by C. S. Clarke and occupied by O. F. Cole. No loss.

Box 15, July 9, 3.20 p. m. Grass fire in Berlin Mills Co. lumber yard. Caused by sparks from engine. No loss.

Still, July 9, 8.30 p. m. Grass fire near Burgess foot bridge. No loss.

July 19, 10.25 p. m. Fire in garage occupied by J. M. Davidson. Caused by gasoline. No loss.

Box 23, August 1, 11.30 p. m. False alarm.

Still, August 4, 8.25 p. m. Called to Jolbert street to investigate cause of wires sparking. No fire.

Still, August 15, 10.30 a. m. Fire in hay shed occupied by Joseph King. One tank chemical used.

Still, August 23, 12.30 a. m. Chimney fire in house occupied by J. A. Gorman. One tank chemical used. No loss.

Still, August 26, 12.45 p. m. Chimney fire in house owned by Mrs. Mary Barbour and occupied by various parties. One tank chemical used. No loss.

Still, September 1, 2.45 p. m. Brush fire on Y. M. C. A. grounds. No loss.

Still, September 2, 12.45 p. m. Owing to high wind fire was again discovered on Y. M. C. A. grounds. Extinguished with a few buckets of water.

Still, September 10, 12.45 p. m. Chimney fire in house occupied by D. Thibau. No loss.

Still, September 15. Hose Co. No. 3 was called to extinguish a small fire caused by tar igniting on street. One hand chemical used

September 15. Fire in Mrs. Pheobe Murray's house caused by matches igniting on couch. No alarm given. Loss \$10.00, insurance \$600.00, insurance paid, \$10.00.

Box 231, September 17, 12.45 a. m. Fire in store house of Berlin Mills Co. Cause unknown. Part loss.

Still, September 18. *Hose Co. No. 3 was called to extinguish a small fire caused by barrels of tar igniting on street. One hand chemical used.

Box 13, September 19, 4.40 p. m. Fire in store house occupied by the Norwegian Lutheran Church Association. One hand chemical used and 600 feet hose wet. Loss \$159.75, insurance \$2,500.00, insurance paid \$159.75.

ANNUAL REPORT
OF THE
BOARD OF HEALTH
OF THE
CITY OF BERLIN, N. H.
FOR THE YEAR ENDING
JANUARY 31, 1914

INCLUDING FOURTH ANNUAL REPORT OF
HEALTH OFFICER AND MILK INSPECTOR.

A. LAVALLEE, M. D.....	Chairman
ROBERT B. WOLF.....	Secretary
HENRY A. SMITH.....	
JAS. H. HEALD	Health Officer and Milk Inspector

Sanitary Department.

REPORT OF BOARD OF HEALTH.

BERLIN, N. H., January 31, 1914.

To His Honor, the Mayor, and City Council of the City of Berlin :

The fourth annual report of the Health Officer, we respectfully submit for your consideration.

May we suggest that your body take the necessary time to have this actually read, so that you may become more directly familiar with the work that is being done in the Sanitary Department. We would like to have very much any suggestions that you can make, which will help us in our work.

The Health Officer's letter goes into the matter very completely, so it will be unnecessary for us to call attention to the details of his report, except to emphasize a few points, which we believe of vital importance.

The matter of specific ordinances for regulating the complaints, which might come under the head of nuisances, will have the attention of your Board the coming year; and we hope to bring before your body for approval, an ordinance relating to the matter of granting building permits before the proper arrangements have been made for disposing for sewage. We believe that this matter is of very vital importance, and if a proper ordinance were put through, would be the means of reducing considerably the annual appropriation for sewers. The plan we have in mind is similar to that in use in other cities in this section of the country.

We recommend the retention of the present system of garbage disposal, which has been a great success.

It is the intention of the Board to arrange, in the new laboratory, a complete record of the progress of their work, so that the public can be taken into their confidence to the fullest extent. This will be accomplished by statistical records, showing improvements as they are made, as well as exhibits which will have educational value.

We wish to call particular attention to the reduction in infant mortality from causes directly traceable to the milk supply. This

speaks well for the work done by the Milk Inspector in bringing the dairies to a high state of efficiency. Berlin has now one of the best milk supplies in the State of New Hampshire, and it is our intention to constantly raise the standard.

While we were over \$300.00 within our appropriation this year, we respectfully request that the appropriation for 1914 be \$2200.00, which is the same as it was in 1913. Our reason for asking this is that the expenses connected with moving into our new headquarters in the city building, will require some additional amount, as it will be necessary to buy some apparatus and furniture, that we have heretofore been able to use in connection with the High School. The appropriation for \$1000.00 in the contagious disease account should remain the same for 1914.

Respectfully submitted by the Board of Health.

A. LAVALLEE, M. D., *Chairman*.

ROBERT B. WOLF, *Secretary*.

H. A. SMITH.

BERLIN, N. H., January 31, 1914.

To the Board of Health of the City of Berlin :

Gentlemen:—I herein respectfully submit the fourth annual report of the Health Officer and Milk Inspector.

I have received, investigated, and taken action upon 100 complaints of unsanitary conditions and nuisances during the year. These complaints were received as follows :

Returning dirty milk cans to farmers.....	1
Unburied dead animals.....	1
Meat box not connected with sewer.....	1
Throwing wash water in street.....	1
Total.....	100

The usual range of complaints is covered in this list. It is interesting to note that the total number has constantly decreased since 1911 as the following table will show.

	1910	1911	1912	1913
Total No.	176	235	131	100

This would tend to indicate that people are having less to complain about each year, or, put in another way, our general sanitary conditions are improving.

A few pigs are still kept within the City limits, but as the ordinance relating to their removal is very definite, it is easy to remedy this. My success with this particular ordinance leads me to believe that Berlin should follow the example of many other cities and have specific ordinances covering the various forms of nuisances. The existing State laws are much too general to give the best results. I recommend this to your attention.

The number of dirty yards has fallen from 40 to 23, caused, I believe, by our new garbage and rubbish collection system.

An inspection of the barber shops in the City was made this fall, and notices left to comply with the regulations of the State Board of Health. These regulations call, among other things, for running hot water, a head rest covering that can be changed with each customer, powdered caustic and alum instead of the stick form, and individual towels. These requirements have been satisfactorily complied with, to the increased safety of the customer.

The State Board of Health has continued the inspection of places where foodstuffs are manufactured and sold, and have finally adopted an official score card. As I come in close contact with the Inspector on this work, I am greatly impressed with the changes and improvements which some of our stores have made. To my mind this is a great work and should be encouraged by everybody. I observe that the up-to-date merchant realizes the benefit this system may become to himself as an advertisement. He seems ready to comply with every reasonable request. In fact, one baker has declared that wrapping his bread has increased its keeping quality sufficiently to pay for the wrappers and extra work involved. Confectioners lost a considerable quantity of candy each year from exposure to flies and dust. This loss has been entirely stopped by the requirement that it be covered with glass.

So much for the practical side of the business man. On the other

hand comes protection to the consumer from germs of disease which are carried about by flies and dust, and are thus deposited on candy, fruit, pies, figs, dates, and many other articles of food. If we could all see under the microscope a piece of candy which has been exposed for a few days, there would be few who would care to eat it. People should educate themselves to look for these score cards which are posted by the storekeeper, and use them as guides in selecting their trading places. The merchant who is willing to exert himself to have a clean orderly store should be rewarded by increased patronage. The public is demanding all these details as protection from disease and it should stand ready to support those who try to comply with its demands.

In the matter of sewer construction for the coming year, I hope the Board will use its best efforts with the Council to bring about the laying of sewers on Hillsboro, Grafton, and Burgess streets to accomodate the many houses which are at present without facilities for sewage disposal. Ramsey Hill will also demand attention.

City Cleaning Day.

Our fourth annual cleaning day was held this year on April 25, and was as successful as in the past. As nearly as could be estimated from the teams employed, about 2000 barrels of rubbish, cans, etc., were hauled away. This was considerably more than in past years. The total cost was \$124.33.

Although we shall have a cleaning day this spring as usual, I hope to so arrange the days as to make them fit into our present regular collection system, and thus create very little extra expense.

Garbage Collection.

As the result of agitation started in the Board of Trade last winter and carried to the Council, regular garbage collection was started about the last of June, with one team and two men. The "mixed collection" system was adopted allowing the mixing together in one can of all forms of refuse except ashes. It was decided that Berlin's present needs did not warrant the installation of the proposed incineration method. The present system is simple and effective.

A schedule has been arranged whereby the team covers the city once each week, and in spite of many prophecies to the contrary, has been amply sufficient to prevent excessive decay in the cans. By following our rules for draining and wrapping garbage in old papers and cleaning out the cans, it has been possible to keep them clean and free from objectionable odors during the hottest months. Wherever the cans have become a nuisance, investigation shows these rules were not followed.

Beginning the first of August, a regular weekly report has been sent in by the collector showing the number of loads hauled daily. By weighing several loads, it was found that the average weight was approximately 1000 lbs, and this figure has been used in computing our costs. The following table will give some idea of the amount of refuse removed.

Month	No. loads	Wt. per load	No. tons
Aug.....	144	1000 lbs.	72.0
Sept.....	134	"	67.0
Oct.....	146	"	73.0
Nov.....	131	"	65.5
Dec.....	139	"	69.5
Jan.....	144	"	72.0
Total	838		419.0

When we stop to think that a goodly share of this refuse would have been scattered around our yards and streets, we have reason to be thankful that our city fathers approved of the present plan.

The total cost of collection has been as follows: Labor, \$913.68, materials, \$27.31, depreciation on equipment, \$28.49, total, \$969.48. Our equipment cost \$284.99. The total number of loads hauled (estimated) is 895. This gives a cost per load of 97c. or \$1.94 per ton.

The popularity of this collection system has been apparent from the first. It has removed a burden from the shoulders of the poor, who, in the past, were compelled several times a year to hire teams at a dollar a load to remove their rubbish. It has given everyone an equal chance to keep his place clean. It has done away with many filthy breeding spots. It has served as a powerful educator teaching many families who had never before given the matter thought, the value and necessity of properly disposing of their refuse matter. The back yard or the street had served them in the past.

By making the collector a special police officer, he has practically become an inspector covering the entire city at weekly intervals, thereby getting much better results than an occasional visit from the Health Officer would yield. Compared to the splendid results obtained, the actual expense is not to be considered a moment, and sufficient funds should be appropriated this year to assure the continuance of the system.

Public Water Supply.

I hesitate to express an opinion on this subject. We have taken many samples during the year; yet a very small percentage of them have indicated as serious a condition as the public have expected. The odor and taste have certainly been objectionable at various times, but careful chemical and bacteriological examinations have failed to show dangerous pollution. A thorough investigation was made by the State Chemist and his recommendations have been followed. When it has been necessary to use the river water, it has been given the chlorine treatment after filtration. This has rendered the water safe for public use, although it was next to impossible to convince the public in general of this fact.

As to the ownership of the system, whether private or public, we are not concerned. Either party must undertake to furnish a satisfactory supply from a sanitary standpoint. If we are compelled to depend upon the Androscoggin river water to help out during the dry months, some more elaborate system of filtration and disinfection must be introduced which will deodorize and decolorize.

If we can, however, go back into the mountains far enough to insure a sufficient supply of brook and pond water at all times of the year, it appears to me that this is the course to be taken.

I am given to understand by the authorities of the Water Company that they propose to establish a reservoir on Ramsey Hill which will furnish water to all of the families thereon during the entire twenty-four hours, something that has been impossible in the past. This will greatly relieve the sanitary situation, as it will do away with the present evil of private wells. It has been impossible for houses to be equipped with flush closets. Therefore, all sewage has been emptied into cesspools. The natural slope of the land has caused this sewage to seep into these wells, and in certain well defined instances has been the cause of typhoid fever cases. With sufficient water available for the introduction of flush closets it will devolve upon the city to construct suitable sewers, and I prophesy a much healthier condition will exist in the future.

Contagious Disease.

There have been 63 cases of contagious disease reported as follows:

Disease	Feb. 1913	March	April	May	June	July	August	Sept.	October	Nov.	Dec.	Jan. 1914	Total	Deaths
Smallpox					1							1	2	3
Diphtheria	3	3	2	2		1		4	8	6	7	2	38	3
Memb. Croup.....				3	1								4	1
Scarlet Fever	1						1		1				3	1

Total.....	204	25

DIPHTHERIA MORTALITY RECORD

Disease	1911			1912			1913		
	T. Cases	Deaths	Rate	T. Cases	Deaths	Rate	T. Cases	Deaths	Rate
Diphtheria	112	11	9.8	166	16	9.6	38	3	7.8
Memb. Croup	2	0	0.0	6	5	83.3	4	1	25.0
Total	114	11	9.6	172	21	12.2	42	4	9.5

DIPHTHERIA.

A comparison with the record of the last two years seems to indicate that we have slowly been gaining on the strength of the diphtheria epidemic which has been with us since the spring of 1911. Conditions have been nearly normal during the year for a city of this size. A glance at the mortality table shows that the average combined loss in diphtheria and membranous croup (so called) is about ten per cent. This compares quite closely with the record of other cities in the country.

Free antitoxin has been distributed to the amount of \$268.51 compared with \$845.65 in 1912, Assistance to quarantined families has amounted to \$116.13.

SMALLPOX.

We have had two cases of smallpox this year. The first occurred shortly after our old pest house was burned; but as we were fortunate in persuading a relative to assume the care of the case, we were able to handle it very economically, and without further spreading. It served, however, to emphasize the necessity of replacing our pest house at the earliest possible moment. This was promptly attended to by the City Council, so that we now have an excellent building of the bungalow type, with furnace heat, running water, sanitary plumbing, and thoroughly equipped to handle fourteen patients and help. The cost was as follows: Building \$1829.87; equipment \$141.06. Total \$1970.93.

VACCINATION.

There have been 294 children vaccinated during the year as compared with 414 last year. The number has decreased yearly until we have reached a figure which represents the average annual number of children attaining the school age.

MEDICAL INSPECTION OF SCHOOL CHILDREN.

Great progress has been made through the united efforts of the City Council and the Board of Trade toward the adoption of some form of medical inspection of our school children. The subject has received careful study and will probably be in actual operation before this report is published. The work will take the form of a preliminary survey to determine conditions as they exist at present. Future work will depend largely upon results obtained from this survey and will undoubtedly lead up to regular paid inspection with treatment recommended.

Aside from increased efficiency of the scholar and a corresponding saving of time and money in his education, regular inspection should yield opportunities for the detection of contagious diseases such as diphtheria, mumps, and whooping cough, and the prevention of their spreading.

VITAL STATISTICS.

With the removal of the Board of Health office to our new City Hall this spring, I hope it will be possible for us to assume charge of the issuing of burial permits as prescribed in the Public Statutes. This will afford us a chance to follow my suggestion of last year that they should be so tabulated and analyzed as to give an intelligent idea of our local conditions. Situated as we have been in the past, this scheme has been impractical, but I see no reason why the plan should not be adopted when we have moved.

The following table is of interest :

	1910	1911	1912	1913
No. of births.....	470	468	491	480
No. of deaths	207	204	210	200
No. of deaths under one year of age.....	98	80	69	82
Per cent of births that do not live to be 1 yr. old...	20.8	17.1	14	17

Although this table shows an increase in the number of deaths under one year of age for the year, the following figures show a decided decrease in infant deaths from causes with which we are directly concerned, namely the milk supply.

INFANT MORTALITY PROBABLY DUE TO MILK SUPPLY.

	1908	1909	1910	1911	1912	1913
Cholera infantum.....	9	14	21	22	3	7
Ileo colitis.....	9	4	5	3	6	1
Gastro enteritis.....	5	7	8	10	4	0
	23	25	34	35	13	8

This record is taken during the months of July, August and September when these complaints are most common, and also when the milk supply is liable to give the most trouble.

MILK.

There have been 101 samples examined for total solids, fat, preservative, temperature and sediment. The general condition has been excellent.

I have experienced a slight difficulty in getting our railroad milk delivered here below 50 degrees. This has been due in some instances to delayed trains, and in others to pure carelessness on the producer's part. A threat to destroy such milk has always resulted in an immediate drop in temperature showing that it is by no means impossible to comply with the regulation. After two years of trial, it would be my idea to enforce the ordinance to the letter this coming spring, as I see no reasonable excuse that can be offered. They all know what to expect and have had ample chance to store up plenty of ice.

INSPECTED MILK.

Our greatest advance has been the introduction of a grade of milk known as "Inspected Milk" produced from tuberculin tested cows under the license and direction of the State Board of Health. This milk has a guaranteed bacteria and temperature limit, and serves as a product of superior quality for infant feeding. In fact, my main idea in encouraging two of our local dealers to make the changes in their plant necessary for its production, was to have such a grade of milk available for physicians to recommend in cases of infant liability due to unsatisfactory milk supply. Although these producers were somewhat skeptical at first of their ability to sell their product at the increased price, I venture to say that neither of them have experienced the difficulty they expected. In fact, one of them declares he could sell twice as much if he could produce it.

These two men certainly deserve great credit for the changes they have taken; the money they have expended; and the work they have put into the production of this grade of milk. It is a credit to the City that we have two dairies which are capable of meeting the strict requirements of the State Board of Health.

Milk coming from the vicinity of Jefferson, N. H., has developed to the standard I had expected of it. They have had but one year's experience in meeting Berlin's requirements and have done remarkably well. I expect excellent results for the coming year. Production in and about Milan has not developed as I should expect it would. I believe there is a feeling that our requirements are unreasonable, with a corresponding unwillingness to meet them. If this could be overcome, this territory should develop into a source of a large part of our supply.

Our regular system of dairy inspection and scoring has been continued through the year. The following table will give the original score of the dairy and its present score, showing the increase or decrease as the case may be.

Dairy Scores from March 1910 to February 1914.

Name		First Score	Present Score	Total Increase	Remarks
L. J. Cote	Berlin	68.4	91.9	23.5	Excellent

Smallpox account (included in contagious disease account) \$183.86.

It is a pleasure to call attention to an unexpended balance of \$369.76 in our Sanitary Account. We have a credit of about \$62 in our Contagious Disease account beside our balance of \$17. This is due from the State for the destruction of a diseased horse belonging to N. Brody. The claim was not adjusted in time for us to receive credit on this year's account. This is the first year since I have been here that the Sanitary Department has lived within its appropriation.

In conclusion, I wish to thank the Board for the hearty support they have given me during the year.

Respectfully submitted,

JAS. H. HEALD, *Health Officer and Milk Inspector.*

Assessors' Report.

BERLIN, N. H., February 1, 1914.

To His Honor, the Mayor and City Council :

We herewith submit to you our report for the year 1913. The work of making inventory was commenced April 1st and the tax warrant was committed to Collector June 10th.

All real estate in the City was inspected by the full board and valuations equalized as much as possible.

We find the following.

No. of polls 3834.....	\$ 383,400 00
Improved and unimproved land and buildings.. ..	4,098,289 00
Horses, 439.....	60,375 00
Cows, 331.....	11,665 00
Other neat stock, 11.....	280 00
Hogs, 42.....	540 00
Vehicles and automobiles.....	71,675 00
Stock in national banks.....	55,500 00
Money on hand at interest or on deposit.....	49,960 00
Stock in trade.....	1,284,665 00
Mills and machinery.....	2,503,650 00
Total.....	\$8,519,999 00

Respectfully submitted,

JOSEPH LAMBERT,	} Assessors.
F. E. PAINE,	
E. E. PIERCE,	

Department of City Poor.

BERLIN, N. H., February 1, 1914.

To His Honor, the Mayor and City Council:

Gentlemen:—In submitting my report as Overseer of the Poor for the fiscal year ending January 31, 1914, I desire to call your attention to the fact that out of the \$1200.00 appropriated to the credit of the City Poor Department, there appears expenditures of \$933.24. To this should be added bills for expenses during the month of January, amounting to approximately \$100.00, which were handed in too late for the January pay roll. The total expenditures for the twelve months is \$1033.24, leaving a balance unexpended of \$166.76. This is pleasing, everything considered; as all cases have received proper attention and proves that the business of the department is well in hand and that a very close estimate can be made of the amount needed at the beginning of each year.

I have no recommendations to make for the coming year other than the suggestion that the incoming administration appropriate the same amount that was made for the past year.

I wish to extend thanks to Mayor Daley and other City officials for courtesies extended and assistance rendered.

Respectfully submitted,

A. B. FORBUSH, *Overseer of City Poor.*

TWENTY-NINETH ANNUAL REPORT
OF THE
BOARD OF EDUCATION
OF THE
CITY OF BERLIN, N. H.
FOR THE YEAR ENDING
JANUARY 31, 1914

ORGANIZATION:

HENRY M. MOFFETT.....	Term expires March, 1914
ORTON B. BROWN.....	Term expires March, 1915
CHARLES B. BARTON.....	Term expires March, 1916

Report of Board of Education.

BERLIN, N. H., February 1, 1914.

To His Honor, the Mayor, and City Council of the City of Berlin :

We beg to submit to you the 29th annual report of the Department of Education for the year 1913-1914.

Two changes in the management of the schools have occurred during the year. On November first, after a service of almost ten years, Superintendent George H. Whitcher resigned to become a Deputy to the State Superintendent of Public Instruction with headquarters at Concord. Whatever strength the Berlin schools possess and whatever reputation they have gained among similar systems of the country can be attributed in a large measure to his active direction and professional skill. He has had our support from the first when he undertook the task of developing the unorganized scholastic of ten years ago into the splendid system we have today. His work in Berlin has received the highest recognition. Another loss to the schools of the city occurred through the resignation of Mr. Fred S. J. Bay after a successful service of seven years as high school principal. He left in July to become principal of the High School in Danbury, Connecticut.

By vote of the City Council \$12,000 was appropriated in the spring for the erection of a new five-room brick building at Berlin Mills. A lot of nearly an acre was secured in the approximate center of the school population in that section of the city. The building is now under construction and will be completed and ready to occupy early in the spring.

A new building is urgently needed in Ward one. By referring to the attendance table at the opening of the superintendent's report it will be observed that the number in attendance at the Marston school totals nearly 400 pupils. The building is an eight-room building, thus giving an average of fifty pupils to a room. This is a decidedly crowded condition. We wish to point out that eighty of these pupils registered in the first four grades reside across the Grand Trunk track in Ward 1. Some live a considerable distance from the school. A new four-room building in that section of the city would relieve the present congestion in the Marston building and provide accommodation for that rapidly growing district for several years to come. We commend this matter to your careful consideration.

The high school building also requires immediate attention. As

we stated in our last report it has become necessary to use the assembly hall for a study room, a hall neither constructed nor adapted in any way for such a purpose. We have reason to believe that the membership of the school will not fall below 375-400 pupils, and indications are that the number in attendance may soon exceed 400. We recommend as the only feasible remedy for the present crowded condition addition to the building of two to four new rooms.

In several instances our expenditures for the year have exceeded our estimates, but owing to the increased railroad tax credited to the School Department we are able to show a balance instead of a deficit. The evening school has increased our light and fuel bill; the high school program clock and bell system has been thoroughly overhauled; the halls in the high school building have been retinted; and above all we have been obliged to pay higher salaries in order to retain our efficient teachers and to attract those especially qualified for our work when vacancies have occurred. We believe the quality of work being done this year fully justifies our action in this respect.

In submitting our estimates for the ensuing year we would call attention to the fact that the railroad tax is liable to be considerably less than the amount received this year. In order to continue the work of the schools under the increased salary schedule, provide for necessary repairs and equipment, together with whatever expense may arise from carrying into effect the provisions of the Medical Inspection Act we shall need an appropriation by the City Council of \$29,000 to \$30,000.

Following is the financial statement for the fiscal year ending February 1, 1914:

Report of the Superintendent.

To the Board of Education:

I herewith submit to you my first annual report as superintendent of your public schools, the tenth report to be issued from this office.

The resignation of Mr. George H. Whitcher took effect November 1. On that date I assumed the duties of the superintendent's office. Only three months having elapsed since then any extended report at this time is impossible. I can only submit to you certain available data together with some recommendations relating thereto.

Membership.

The total enrolment in the public schools for the year 1912-1913 was 1208 pupils with an average membership of 1076. The percent. of attendance was 94.25; the tardiness 923 cases. Following is the enumeration of the city taken in September, also the total registration to date:

Number of children in the city between 5 and 16. 3427.

Number of pupils registered in the school Sept. 30. 2955.

Total Registration in Public Schools, February 1, 1914.

Grade	I	II	II	IV	V	VI	VII	Building	Total

									1136

School Savings Bank.

The accounts of the School Savings Bank have been audited under date of January 1 and personal statements sent to every depositor whose address could be found. The money of the pupils is deposited each week at the Berlin National Bank and draws interest at the rate of four per cent. The entire operation of the business of the bank is conducted by the pupils of the commercial department. No better training in habits of thrift and business management can be conceived than that arising from such a project. It would be well if parents

could realize more fully the benefit to the child in systematic saving, and would offer every encouragement to induce him to make use of the opportunity afforded by the school bank.

Following is the financial statement of January 1:

Total deposits since organization (September 1910).....	\$ 3384 36
Total dividends received.....	133 47
	<hr/>
	\$ 3517 83
Total withdrawals by pupils' checks	\$ 2157 00
	<hr/>
Balance in Berlin National Bank.....	\$ 1360 83

Promotions.

The percentage of promotions at the end of the school year 1912-1913 is high, as indicated by the following table:

Number Pupils Promoted by Grades.

Grade	I	II	III	IV	V	VI	VII	Total	Per Cent
Promoted.....	87	85	83	85	135	118	90	683	94.73
Not Pr'm'ed	11	4	1	1	4	9	8	38	5.27
Total.....	98	89	84	86	139	127	98	721	
Average Age									
Sept. 1913....	6-9	7-11	8-8	10-1	11-10	12-3	13-4		

Evening School.

The success of the evening school has been encouraging and seems to indicate a demand for just the work the school has undertaken. The classes meet at the high school building, two evenings a week, under the direction of nine instructors, one from the Y. M. C. A., and eight from the high school faculty. Work is offered in English, arithmetic, bookkeeping, stenography, typewriting, sewing and mechanical drawing. The attendance has been from sixty-five to over a hundred with an average of eighty-six each evening. The students are mainly adults who work during the day and embrace the opportunity offered to extend their knowledge of English and other common subjects. The expenses of instruction have thus far been met through the generosity of private parties. The cost to the City for heating and lighting the building has been barely \$3 a week. The school was first started by way of experiment. I believe it has now proven its worth. There seems to be a place for a permanent evening school as a department of the public school system, and I would suggest that another year provision be made for this purpose.

Medical Inspection.

Plans are now being perfected for carrying into effect the provisions of the new medical inspection act. With the appointment of the school physicians preliminary examinations will soon commence. It is gratifying to know that Berlin is to take her place with other progressive communities in a movement that is leading to remarkable results in the promotion of general health and the capacity for effective work.

High School Building.

The crowded condition of the high school building is a matter for immediate attention. Every room in the building is in constant use including the assembly room which is occupied throughout the day for study purposes. This room is very poorly lighted and improperly equipped for this purpose, in fact from a health point of view it is a room in which pupils should not be permitted to read or study. Yet we are driven to the necessity of using it for from 100 to 200 pupils at a time. This lack of study room is the most noticeable defect in our entire school equipment. Some solution of the difficulty should be made at once, either in transforming the assembly room into a library reading room with proper lighting and equipment, or retaining the room for assembly purposes and adding new rooms to the building.

Child Labor.

Under the amendment added to the attendance law at the last session of the legislature no valid certificate can be issued to a child under sixteen years of age permitting him to work during school time unless he has completed the work of the elementary schools. As a result the number of labor certificates issued by this office has notably decreased.

Another act affecting the employment of minors is the so-called 55-hour law. Under this act the Attorney General has ruled as follows:

"No female and no minor can be employed or permitted to work in any manufacturing, mercantile or mechanical establishment, laundry or restaurant or confectionary store, or by any express or transportation company more than 10 1-4 hours during any one day nor more than 55 hours in any one week. No boy under 16 and no girl under 18 can be employed at any gainful occupation other than the employments enumerated above and other than domestic service or work on a farm more than 58 hours in any one week or more than 11 hours in any one day; nor before the hour of 6.30 in the morning nor after 8 o'clock in the evening, except that minors 16 years or over may work in telephone exchanges until 10 o'clock in the evening; and

boys 14 or over may deliver newspapers after 5 o'clock in the morning and boys 12 or over may deliver newspapers between 4 and 8 o'clock in the evening."

In General.

It has been my purpose as far as possible to preserve the general organization and plan of work as I found it. A school system once in operation is less affected by change in management if allowed to continue along the lines in force before such change occurred. The spirit of the schools is excellent. There is a seriousness of purpose and a firmness of control that is highly commendable. Certain departments of work are unusually strong. Such conditions closely following the several changes that have occurred during the year can justly be attributed to the previous excellent organization of the schools and the high quality of the teaching force. Defects exist, it is true, and they will always exist, but in the larger view the City has reason to be proud of its public schools, and should express that pride in a loyal support.

For further data I refer you to the report of the high school principal and to the tables in the appendix.

Respectfully submitted,

H. L. MOORE, *Superintendent.*

Principal's Report.

BERLIN, N. H., January 28, 1914.

To Supt. Harry L. Moore:

In accordance with the requirements of your rules and regulations, I have the honor to submit my first annual report as principal of the Berlin High School.

The fall term of the school year 1913-1914 opened with a total registration of 372 pupils, 204 girls and 168 boys.

It will be observed from the registration table in the appendix that only 7.84 percent of the girls are now taking the Domestic Arts course. This number should increase and take a proportional standing with the Mechanic Arts course. It would be far better if many of the girls who are now taking either the Latin or the Commercial courses were enlisted in the Domestic Arts department.

It is hardly necessary under the present condition of educational development to present any argument in favor of this department as it is now a well recognized fact that the work of this course not only opens a wide field for the girls of the secondary school, the greater part who do not intend to enter higher institutions of learning, but that it is also a means of a liberal education, to which now the traditional studies can hardly be said to contribute. If a girl is to live at home after she leaves school she is trained to appreciate home life, taught how to undertake its manifold duties and further to develop tendencies in her nature that may show latent talent.

There are parents, if they consider the matter at all, who still adhere to the formal idea of "general culture," as the final end of education: knowledge acquired, not for its own sake, but because tradition has in the past developed certain standards of culture which imply the acquisition of certain items of knowledge with no definite application to the problems of life, except that they serve to differentiate and give the individual prestige among his fellows.

We must all face the well known, but somewhat concealed fact that we are born "long" in some things and "short" in others. That is, one might easily grasp a foreign language and advance rapidly while it would be very hard and difficult for the same person under the same conditions even to obtain the fundamental elements of mathematics or vice versa.

I would suggest that at the close of the school year the curricula of the High school be thoroughly explained to the pupils of the seventh grade. By so doing the children might carefully consider with their parents the merits of the different courses in the school, an outline of which will be found later in this report. I am under the impression that this would eliminate certain difficulties and misunderstandings that arise during the opening of the fall term in September.

The following is the curricula of the Berlin High school for the school year 1913-1914 adopted and approved by the State Department of Public Instruction.

CURRICULA BERLIN HIGH SCHOOL

1913-1914.

D. W. MACLEAN, Prin.

HARRY L. MOORE, Supt.

The required number of credits for graduation has been raised from eighty to eighty-five by requiring during the senior year five subjects five times per week instead of four, a total of twenty-five credits instead of twenty. I find that the pupils measure up to this standard without difficulty.

In order to enhance the interest in the study of French a French Club, "Entre Nous," has been organized with Misses Fox and Galleher as faculty advisers. To be eligible to membership each pupil must acquire and maintain a certain high rating. Regular meetings are held once a month at the school with French the only language spoken. An entertainment committee of three plans the amusements of each meeting and each member of the club serves on the committee in his turn. This makes the meetings of greatest interest socially as well as inestimably valuable to the student of the language.

Along the same line a school debating society, "The Forum," has been organized with Misses Harris and Frost as faculty advisers. Certain qualifications are necessary in order to become eligible to this society. Under its by-laws, written by the pupils, no associate members are permitted; all must be active and ready to take part in any debate when called upon.

The benefits of these organizations are far reaching and I anticipate that they will figure among the foremost social activities of the school.

Nothing in the way of athletics thus far has been attempted this year, but through the cooperation of the local Y. M. C. A. an ideal system can be organized and put into effect by another year.

A plan for the usual school socials has been put into operation whereby all the classes co-operate and act together in making each class social a success. These socials are intended not only to offer entertainment but to be instructive and educational as well. I am in hopes that the parents will co-operate with the school in regard to these school socials, which will be limited in number, and see to it that their children attend. This will not only cultivate a social interest among the individuals of the school, one of the aims of education, but will help solve the financial problem of graduation.

The Junior Recital that has been already so successfully established we intend to make a permanent feature and part of the school work.

School began in September with eleven of the sixteen teachers new, and six of the eleven without previous teaching experience. This circumstance in a way meant new policies and a new regime for the school. However, it took but a short time for the teachers to become familiar with the methods of the school, acquainted with the

pupils, their dispositions and personal attitude. In most cases the pupils have responded well to the new conditions and have settled down to regular and productive work. The teachers are to be congratulated on the fine spirit and discipline of the school.

As a matter of interest the following data is submitted giving the results of the Fall term's work.

Percentage of Pupils Who Have Passed All Subjects at End of
Fall Term's Work.

Seniors	Juniors	Sophomores	Freshman
94 per cent.	97 per cent.	83 per cent.	84 per cent.

The above percentages are significant from the fact, that at the close of the school year 1912-1913 all pupils irrespective of rating were conditionally promoted at the recommendation of the State Department. Consequently it became necessary from time to time during the fall to readjust those pupils who, after a fair test, individual work and careful consideration, did not meet the requirements and obtain a passing rating. It is clear from the results obtained that the faculty of the Berlin High School are trying to create and maintain high standards of scholarship, extending kindly influences towards the right, but showing no mercy for the lazy. It is only fair to add that it would have been an impossible task to obtain such results except with the full cooperation and able support of the teachers. On the whole, the record of the development of the different departments in our school has been marked by a spirit of progress that promises much for the future.

In closing, I wish in behalf of the teachers of the Berlin High School and myself to extend our appreciation for the valuable suggestions and cooperation that have been given by you and the different members of the Board of Education which have helped us in the administration and teaching of the school.

I am in sympathy with the educational methods as they are now carried on and it is my aim to continue and maintain the high standards the High School holds throughout the State. Finally to the parents and friends interested in the school I would extend a cordial invitation to visit the school, become acquainted with the teachers and familiar with the class room work.

Respectfully submitted,

DANIEL W. MACLEAN, *Prin., Berlin High School.*

FRANK C. HANNAH, *Treasurer.*

Financial Reports.

Municipal Regulations.

For the Payment of Bills against the City.

All bills against the City must be approved by the person authorizing the charges; and unless this is done, no action can be taken upon the bill by the Committee on accounts and Claims, and no order will be given for its payment. When bills are certified as to above, and left with the City Clerk not later than 12 o'clock M., on the Saturday preceding the first Tuesday of each month, they will be audited by the Committee on Accounts and Claims, and if approved by them and allowed by the Council will be ready for payment on the following Thursday, at the office of City Treasurer.

Meetings of the Committee on Accounts and Claims are held on Monday preceding the first Tuesday on each month, and the regular meetings of the City Council are held on the first Tuesday of each month at 8 o'clock P. M.

This account contains the items in the Departments of Streets, Sidewalks, New Streets, City Engineering, Garbage Collection, and City Cleaning Day.

Report of Finance Committee.

To the Honorable City Council:

We herewith submit for your consideration our Annual Report for the fiscal year ended January 31st, 1914.

Arthur T. Byrnes, City Auditor, has made a careful examination of the financial affairs of the City, including all books, accounts and vouchers, and reports the same to have been properly kept, all receipts duly entered, and all disbursements properly vouched for.

We find from his report that exclusive of the bond issue of \$150,000.00, dated July 1st, 1913, the City debt has been reduced during the year, \$12,195.93, and that there is a net overdraft for the year of \$5,041.82, which will be reduced to \$4,178.97 by a payment to the City within a few days by the town of Gorham, N. H., of the sum of \$862.85, one-half the cost of land, new fire station building, and equipment at the Cascade, which has been furnished at that place for fire protection.

This overdraft is accounted for, and more, by payment of a portion of the first six months' interest on the new bond issue amounting to.....\$ 2,416 44
New fire station at the Cascade..... 1,628 26
Repairs on High School..... 998 00
\$ 5,042 70

For these items no specific appropriation was made.

Unpaid accounts to the amount of \$806.86 for balance due on the Mason street bridges, and \$1,970.92 for the cost of building and equipping the new pest house were also paid, for which amounts no appropriation was made, except that the sum of \$1,618.50 premium on new bonds was credited to the new pest house account.

We also had an unforeseen overdraft in the Police Department amounting to \$709.26, occasioned by the loss of revenue therefrom after July 1st, 1913, when the law abolishing our Police Court went into effect.

On December 1st, 1913, we paid from our Sinking Fund, and retired, an issue of bonds due on that date amounting to \$70,000.00, leaving a Sinking Fund balance at the close of the fiscal year of \$44,004.02.

We have coming due May 1st, 1917, another issue of bonds

amounting to \$50,000.00.

To meet this issue we have our Sinking Fund balance above named, and an appropriation of \$3,000.00 each year from 1914 to 1917, \$9,000.00, which will make a total of \$53,004.02, and accrued interest on the Sinking Fund, an ample fund with which to meet this obligation.

Forty-two thousand dollars of this Sinking Fund is now invested in $3\frac{1}{2}$ per cent bonds of the town of Danbury, Conn., which do not fall due until 1932, and must be sold before May 1st, 1917, when this \$50,000.00 bond issue becomes due.

The City will undoubtedly be obliged to sell these Danbury bonds at less than par, and the bond market should be watched carefully for an opportunity to make the best sale possible during the next three years. We feel assured, however, that our Sinking Fund accumulations will, in any event, be sufficient to meet these bonds when due. All of our other outstanding bonds are serials, payable in annual installments, so that our financial future is amply provided for.

At the close of business January 31st last, the Treasurer had on deposit cash to the amount of \$71,098.33, made up of the following items:

General fund.....	\$ 9,876 39
New City Building account.....	57,107 67
New Brown School House account.....	4,114 27
	<hr/>
	\$71,098 33

By resolution of your honorable body, an issue of bonds was authorized during the year, dated July 1st, 1913, amounting to \$150,000.00, payable \$7,500 each year for 20 years at $4\frac{1}{2}$ per cent interest.

This issue was authorized for the following purposes:

New City Building.....	\$95,000 00
New Brown School house.....	18,000 00
Streets and sidewalks.....	23,000 00
Sewers	9,000 00
Stewart & Snodgrass lot	5,000 00
	<hr/>
	\$150,000 00

When this bond issue was ready for the market we advertised for bids and received three from brokers in Boston, Mass., as follows:—

Blodgett & Company ..	100.60	and accrued interest
N. W. Harris & Company.....	100.267	and accrued interest
E. H. Rollins & Sons.....	101.079	and accrued interest

Rollins & Sons being the highest bidders we awarded the bonds to

them, and they paid us therefor \$152,762.25, which includes premium of \$1,618.50, and accrued interest \$1,143.75.

For further details of this bond issue see report of the Finance Committee dated September 11, 1913, on file in the City Clerk's office. Three per cent interest on daily balances is paid to the city by the City National Bank.

Our net City debt January 31, 1914, was.....	\$275,239 60
The net City debt January 31, 1913, was.....	137,220 60
Net increase for the year.....	\$138,019 00

This increase is accounted for as follows:—

Paid on new City Building and lot	\$37,892 33
Paid on on new Brown school house	13,885 73
Paid for Stewart & Snodgrass lot.....	5,000 00
Paid for new pest house.....	1,970 92
One-half cost new fire station at Cascade.....	862 85
Cash balance increase.....	58,692 91
	<hr/>
	\$118,304 74

Our property valuation for taxation purposes April 1st, 1913, was \$8,519,999.00, and we believe this will be increased the coming year to nearly, if not quite, \$9,000,000.00.

We also believe that the amount of appropriations herewith recommended for the ensuing year can be provided for upon the property valuation of that year without increasing the present rate of taxation, which is \$1.90, or \$19.00 per thousand.

It will be noted that we have recommended an appropriation for the Public Works Department recently established by resolution the sum of \$30,000.00. This recommendation is made with the understanding that a large portion, if not all, of the funds accruing from liquor licenses held in this City shall be credited to this department, which now includes streets, sidewalks, sewers, garbage collection, civil engineering, and sprinkling streets.

This department needs as large an appropriation as it may be possible to furnish, in order that the progressive system of street, sidewalk and sewer improvement inaugurated last year may be continued. Some of the more expensive items of public improvements in this department for 1913, were as follows:—

Surfacing Main Street with bituminous concrete, bituminous concrete on Main street from the end of concrete pavement of Berlin Mills to the State road, a distance of about 2,000 feet, on Mason street from Pleasant street to Boston & Main right-of-way, and Mechanic street from Main to Pleasant street.

Thirteen thousand yards of bituminous macadam were laid on other City streets. Over a mile of concrete curbing and fills, and 819 square yards of new cement and tar walks were constructed, besides other extensive sidewalk repairs. Grading the Stewart & Snodgrass lot on Mason street for playground purposes, laying a 15 inch storm sewer at Berlin Mills Village, and a new house sewer on Norwegian street, new highway connecting the upper and lower sections of the East Side, and extensive repairs on Grafton street, and other streets on the East Side. New buildings were also erected on the Stewart & Snodgrass lot for the purpose of storing City tools, equipment and supplies.

Two new street sprinklers and a new electric drilling machine were purchased, street numbering for free mail delivery, and the cost of garbage collection, including equipment, and numerous other expenditures appearing more in detail in the Highway Commissioners' Report.

We urgently recommend the construction of a sidewalk on Glen avenue, street improvements at the Cascade, including Western avenue, and a liberal expenditure for sewers on the East side.

Appended hereto are our recommendations for appropriations for the year 1914.

Total receipts.....	\$ 2,375 13
Amount paid to City Treasurer.....	2,375 13

Transfer Account.

This account has been charged with the following departmental

overdrafts, viz.:

City Building.....	\$ 179 34
Fire Department.....	1,628 26
Interest.....	2,416 44
Lighting Streets.....	610 62
Miscellaneous.....	940 43
Police Department.....	709 26
Salaries.....	127 32
New Pest House.....	352 42
Forest Fires.....	158 36
High School Repairs.....	998 00
Mason Street Bridge.....	806 86

Total overdrafts.....	\$ 8,927 31
-----------------------	-------------

This account is credited with the following
unexpended balances and miscellaneous receipts:

City Poor.....	\$ 266 76
Contagious Diseases.....	17 00
Election Expenses.....	31 44
Hydrants.....	160 00
Printing and Stationery.....	48
Sanitary.....	347 86
Schools.....	615 49
Sewers.....	1,108 14
Streets.....	101 35
Shoe Factory.....	374 00
Insurance Tax.....	21 75
City Clerk Licenses.....	841 22

Total unexpended balances.....	\$ 3,885 49
--------------------------------	-------------

Net overdraft carried to City Debt.....	\$ 5,041 82
---	-------------

The fire overdraft is reduced by a charge of \$862.85 to the town of Gorham, which represents one-half the cost of the fire station at Cascade Mill, to be paid by them as per agreement.

The principal items of overdraft are Interest, Lighting Streets, Miscellaneous, High School Repairs, Fire Department and Mason Street Bridge.

The Interest overdraft is due to the payment of the semi-annual interest on the new issue of bonds which could not be considered when making up the budget. Extension of the new lighting system caused an overdraft in lighting streets. The new fire station at Cascades accounts for fire overdraft, and there was no appropriation made for

High School repairs or Mason street bridges.

The street numbering expense accounts for the overdraft in Miscellaneous.

December 1, 1913, the Sinking Fund turned over to the City Treasurer \$70,000.00, which money was used to pay the bonds of December 1, 1893.

Financial Condition January 31. 1914.
